HAY FABRIC COLLECTION

We are pleased to introduce some new and exciting fabrics to supplement the existing HAY textile collection. Offered in a good variety of textures, weaves and colours, all the new fabrics have been carefully selected for their superior quality, expression, durability and strength. These include both brand-new fabrics that bring a fresh perspective to HAY's extensive collection, as well as updated colours in the well-known favourites, Mode, Flamiber and Linara.

All the new fabrics are chosen for their ability to complement HAY's wide assortment of furniture, and can be used to cover a wide range of chairs, stools and sofas in many different domestic and contract environments.
