

“One of the most difficult and noble disciplines is to design without eccentricity and instead create simple, functional and almost ordinary objects with a strong identity — this was the underlying idea for the Fiber Chair Family: to have a clear, sculptural language that refuses to compromise on comfort. It's a family of chairs that is stripped of all unnecessary layers.”

— Iskos-Berlin on the Fiber Chair Family

FIBER CHAIR FAMILY

THE FIBER CHAIR FAMILY

Three chair typologies. Two bar stools. One stool.
 All with various base options. Choose between different Fiber composite colors, predefined textile or leather upholstery or from the numerous made-to-order options available.
 There is a Fiber Chair for any setting.

FIBER ARMCHAIR

A comfortable armchair that has a slender expression and spacious seat.

Available with five different bases, six Fiber composite colors and various Ready-To-Ship and Made-To-Order textile and leather options.

FIBER SIDE CHAIR

A characteristic side chair that takes up little space around the dining table.

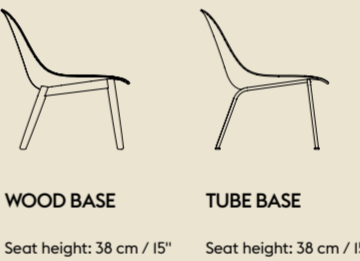

Available with five different bases, six Fiber composite colors and various Ready-To-Ship and Made-To-Order textile and leather options.

FIBER LOUNGE CHAIR

A new perspective on the modern lounge chair through an embracing seat, tactile shell and light, hovering appearance.

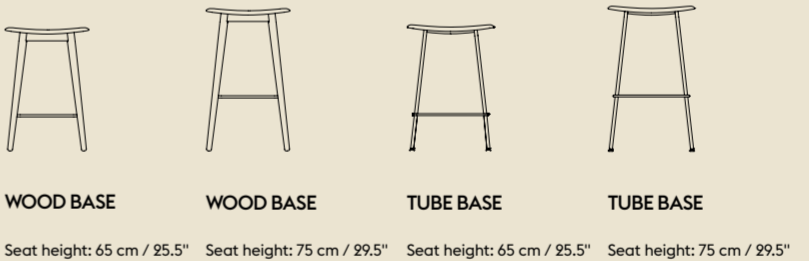

Available with two different bases, five Fiber composite colors and various Ready-To-Ship and Made-To-Order textile and leather options.

FIBER BAR STOOL

A contemporary bar stool with a soft seat that almost floats on top of the base, giving the design a light expression.

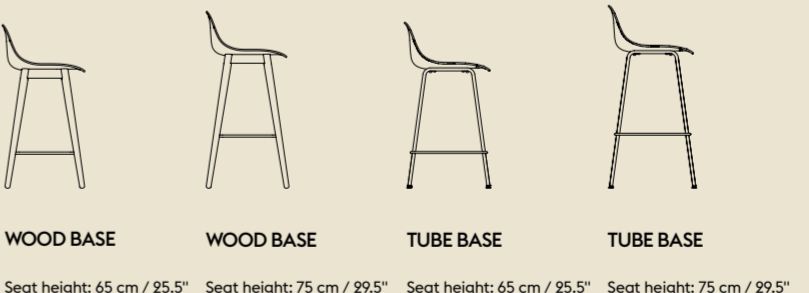

Available with two different bases, five Fiber composite colors and various Ready-To-Ship and Made-To-Order textile and leather options.

FIBER BAR STOOL WITH BACKREST

A bar stool with a sculptural, supporting backrest for a refined look.

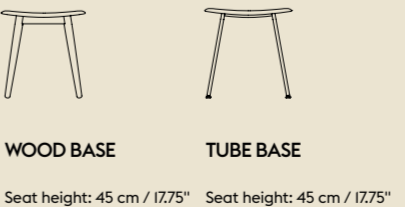

Available with two different bases, five Fiber composite colors and various Ready-To-Ship and Made-To-Order textile and leather options.

FIBER STOOL

A simple stool with loads of character that makes for an extra seat in the hallway, bedroom or around the dining table.

Available with two different bases, two Fiber composite colors and various Ready-To-Ship and Made-To-Order textile and leather options.

FIBER CHAIR FAMILY

FIBER CHAIR FAMILY

UP TO 25% WOOD FIBERS

The unique shapes of the Fiber Chair Family marries friendly, embracing curves with an innovative wood fiber composite, giving the Fiber Chair Family its distinctly tactile texture. From afar, the wood fibers blend into the chair's surface for a subtle matte finish yet when viewed up-close, natural details of the thousands of wood fibers begin to appear.

A SCULPTURAL APPEARANCE

Through its sculptural lines, the Fiber Chair Family brings a modern yet timeless expression to any space, paired the deep comfort of its embracing seat.
