

Mr. Watson®

HELLO MR. WATTSON

Meet the iconic Mr. Wattson. He's a looker, isn't he? But there's more to him than his good looks and he thinks it's about time people knew that. "You wouldn't say, but I have a powerful LED bulb that can brighten any room and 139 glass dimples that create a warmer atmosphere than your mother." No need to get personal Mr. Wattson! We believe you.

FLEXIBLE MR. WATTSON

Mr. Wattson's flexible limbs allow him to live on the edge. "What can I say? I'm an adrenaline junkie." We think your dangling legs are more 'cute' than 'adrenaline junkie' but we'll let you have it Mr. Wattson.

METAL HEAD MR. WATTSON

Mr. Wattson noticed that humans sometimes don themselves in shiny metals. "Why can't I?" And so, he now comes in brass matte black (his bling look) as well as black on black (his gangsta look).

HANG OUT WITH MR. WATTSON

It shouldn't come as a surprise that Mr. Wattson likes the spotlight. What you maybe didn't know is that he likes the environment too. And so, his pendant light makes use of the latest energy-saving LED technology. Which means he can hang out with you for hours on end, guilt-free. More wine anyone?

WATT'SUP LITTLE GUY

Mini Wattson is Mr. Wattson's adorable mini-sized USB-powered friend. Some would think it's difficult growing up in the shadow of Mr. Wattson. But Mini Wattson points out that his situation is somewhat different as Mr. Wattson is a light and so he actually grew up in the light of Mr. Wattson, which is a good place to be.

LOOKING FLY ON THE WALL

Mr. Wattson is passionate about bringing you whatever lighting you need. Here he is sticking his neck out for you, should you not want to clutter your already cluttered side table.

MEGA SIZE, MEGA IMPRESSIVE

Mega Wattson taught Mr. Wattson everything he knows about lighting. Mr. Wattson looks up to Mega Wattson, because he's taller. But also because he's a super-sized version of Mr. Wattson that can work just about any room.

WATTSON'S HIPPIE FRIEND (EVERYONE HAS ONE)

The HIPPIE lamp effortlessly combines an art deco aesthetic with sleek Danish design principles. Truth be told, it wasn't effortless at all. It took years of research to get this look just right. But he'd never admit it. Hipsters hey?

MR WATTSON'S HOBBIES

If Mr. Wattson had a Tinder profile, he'd definitely lead with this photo. Between you and I, he's not really an outdoors kind of guy. But you could indulge this fantasy of his by buying him a surfboard or a snowboard table stand. And maybe take a pic for him.
