

PANDARINE

PRODUCT FACT SHEET

PANDARINE

DESIGN BY INGA SEMPÉ, 2020

Inga Sempé's Pandarine fuses the luxurious comfort of a bed with the versatility of a modular sofa in an elegant and versatile design. The armrests come either in a cylindrical form, or with a reclining design that can be adjusted individually in the same way as the metal-hinged backrests. This gives Pandarine the ability to transform into a unified, mattress-like surface where the backrests serve as huge, soft pillows. Constructed using a combination of Nozag springs, foam, and wadding, Pandarine is designed to provide exceptional comfort in any number of sitting or lying positions. Available in two- and three-seater versions with options for additional chaise longues and corner modules, its range of textiles and configurations give it great flexibility for use in a variety of private and public contexts.
