Scandinavian
Design

Design House Stockholm has been changing the way people think about their living and working space for many years. The secret to our success is that we work with an extensive network of more than 60 independent designers, in the same way publishing houses work with their authors. We collaborate with both new, and up-and-coming talent and established names. Although the majority of our designers are from Scandinavia, we work with designers from all over the world in order to find that special

Scandinavian touch. Our collection of functional and aesthetically refined design products of timeless appeal ranges from textiles and furniture to tableware and lighting. Design House Stockholm is now a leading producer of contemporary Scandinavian design.

Basket Rug 2018

Lena Bergström

DESCRIPTION: Sharp angles and soft transitions play the roles in a shadow play that is both illusion and reality. Lena Bergström once again finds inspiration in her beloved Norrland. The rug's graphic pattern pays homage to old handicraft traditions such as birch bark baskets and rucksacks. The unique handicraft and techniques of weaving and cutting creates a trompe l'œil of those traditions. It comes in four sizes but can be customized as a special order in other sizes. **MATERIAL:** Handtufted carpet 100% wool, cotton backing. **CARE:** Vacuum clean regularly to remove particles in the wool. Spots can be removed using a clean cloth with lukewarm water. Do not allow the wool to become soaked. We recommend using a qualified rug specialist for cleaning. Flat wash/flat dry. **MADE IN:** India.

Fields Rug 2016

Lena Bergström

DESCRIPTION: Lena has continued to work with the same mottled effect that she used in her Björk rugs and this time, too, she has found her inspiration in nature; endless fields that spread like a collage across the landscape in gentle colours. She has paid much attention to the way in which the different coloured threads are interwoven and how the areas of different colours lie in relation to each other. And once again she has made use of leather edging. The Fields collection is based on a weft in wool, combined with details in leather. Wool is known not only for its softness, but also for its built-in resistance to soiling thanks to its natural oils. All Fields products are hand-woven pieces of handicraft, making every product unique. **MATERIAL:** 100% wool with leather edging. **OTHER INFORMATION:** Packaging: leather strings and plastic bag. **CARE:** When cleaning the rug we recommend using a qualified rug specialist. Small stains on wool may be removed with water. If creases appear, steam the rug with steam iron while flat. **MADE IN:** India.

All Björk products are hand-woven pieces of handicraft, making every product unique. **MATERIAL:** 100% wool with leather edging. **OTHER INFORMATION** Packaging: leather strings and plastic bag. **CARE:** When cleaning the rug we recommend using a qualified rug specialist. Sand Tableware 2019

*Carina Seth
Andersson*

DESCRIPTION: The tables at the newly-opened NM& restaurant at Nationalmuseum in Stockholm are topped with Sand dinnerware, designed by Carina Seth Andersson in collaboration with Design House Stockholm. The dinner set is made from high-fired stoneware in a soft sandy shade and left bare, allowing the food served on it to become the decoration. The matt structure exploits the play of light on the surfaces and the stoneware is fully or semi-glazed with a transparent glaze.

Bonsai Room Diffuser 2019

Takafumi Nemoto

DESCRIPTION: As the name implies, this clean-lined, scented sculpture by designer Takafumi Nemoto is in the form of a small tree. It consists of three elements: a poetic sculpture of gracefully shaped wicker, a stoneware vase and a gentle fragrance that evokes an open window overlooking a woodland lake. The wicker fragrance sticks are hand-tied and shaped into elegant sculptures with a classic Japanese flair.

The tree sculpture stands centred in the lidded vase. The wicker sticks absorb the fresh-scented oil – which doesn't spread a heavy perfume, just the sense of a newly aired room. Bonsai comes in three designs so you can choose your favourite, or perhaps switch between different expressions: Bonsai Breeze, which calls to mind a small tree with the wind in its branches; Bonsai Blossom, a blooming branch; or Bonsai Cloud, in the shape of a cumulus cloud drifting in the sky. Place the sculpture with dried plants, or live ones, or with a stylish still life of your favourite things. You'll enjoy not only a refreshing fragrance, but a graceful sculpture with a traditional style and a brand-new design. An ingenious meld of Scandinavian and Japanese.

Takafumi Nemoto worked with us to develop the fragrance. Bonsai has a discreet floral scent with notes of green tea and bergamot and a hint of sweetness from mandarin and orange. The central tone is gently herbal, with fresh forest scents and a hint of musk and amber.

MATERIAL: Fragrance tree: Natural rattan. Ceramic vase: Stoneware. Fragrance: Scented oil. **MADE IN:** China (Fragrance Tree) and Thailand (Ceramic Vase and Fragrance).
