

UNDER THE BELL PENDANT LAMP – EU VERSION

ISKOS-BERLIN ON THE DESIGN “The Under The Bell Pendant Lamp is more than just a lampshade—when situated over a table or in an open space, the bellshaped light creates its own space within the environment. As such, the design embraces and shelters the people underneath, both in a physical and abstract manner, for an intimate atmosphere. The design is made using up to 418 fibers from recycled plastic bottles that, along with its unique shape, enables the Under The Bell pendant lamp to have an impact on the acoustics of a room.”

DESIGNED BY / YEAR OF DESIGN

Iskos-Berlin / 2011

ABOUT THE DESIGNER

Iskos-Berlin is a Copenhagen-based design duo that has made International headlines within furniture, industrial and graphic design. The studio, formerly known as Komplot Design has collaborated with some of the World's most prestigious manufacturers and their furniture, lighting and other design products are exhibited at numerous design museums around the World including MoMA and the Designmuseum Denmark.
