

G-PRO BREAKOUT /BREAKIN CABLES

The G-PRO Breakout/Breakin Cables are designed to work with the G-PRO controllers to connect to the Socapex outlets and distribute Power & Control from the controller to the hoists. The breakin cables are an additional option if you want to make a G-PRO cable extension using socapex extension cables as a complete solution.

FEATURES

- » Impact Resistant Cable avoiding unnecessary damage
- » Flexible Cable for easy mounting and laying in required locations
- » Oil Resistant and Intermittant Waterproofing properties
- » RoHS compliant
- » -25 ° C to 55° C Operating Temperature
- » Elastomer outer sheath and Insulation
- » Copper (Strand) Conductor for each core
- » Black Outer Sheath finish, inside colour cores in line with standards
