

MEDICAL AND LIABILITY FORM

I hereby grant Forza Sports Academy (hereinafter referred to as the “FSA”), and recognize that soccer can be a dangerous sport, yet I wish to assume all risks associated with my child’s participation in any FSA training, clinics, camps including regular practices, footskills sessions, games or any other activities held by FSA.

Now, therefore, for good and valuable consideration, the amount and sufficiency of which is hereby acknowledged, I hereby forever release and discharge FSA its officers, directors, supervisors, employees, of all the aforementioned persons or entities, of any and all liability or responsibility for any act or omission of any kind or character which may cause my child or anyone in my family to suffer property damage, personal injury (including death, paralysis, or dismemberment), or property loss while traveling to or from, participating in, or watching the soccer activities in any FSA training or activities.

This waiver and release is made freely, voluntarily, and intelligently, without undue influence or duress, and is intended to release and waive liability for all risks of damage or injury, regardless of the cause, and regardless of whether the risk is known or unknown, foreseeable or enforceable.

This waiver and release is an absolute bar to me, my heirs, assigns, or successors from filing suit, bringing a personal-injury action, or making some other claim to collect for my damage, injury costs, expenses, or loss and will be enforced to the fullest extent of the law.

I acknowledge, consent, and agree that if for some reason I or my family members ignore the terms and conditions of this waiver and file a suit, bring an action, or make some other claim against any of the parties mentioned above, then each such party against whom I or my family members file suit, bring an action, or make a claim is entitled to collect from me or my family members and the attorney fees incurred in defending against or responding to the suit, claim, or action.

I acknowledge I have carefully read the foregoing and I have no question or concern regarding the implication of same.
