First time use

1. Install **weminder** APP: Download and install the weminder APP in App Store (iOS) or Google Play (Android) on your smart phone.

https://apps.apple.com/hk/app/weminder-audio-reminders/id1541585653

Weminder APP

Android

https://play.google.com/store/apps/details?id=com.jlworld.weminder
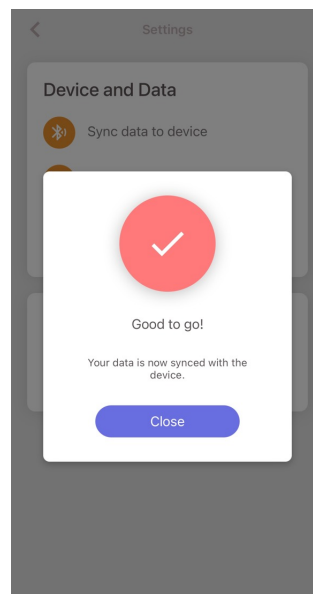

2. Create and schedule voice reminders in your weminder APP.

Sync your voice reminders to the weminder unit

1. Make sure the weminder is nearby your smartphone.

2. Power ON the unit: Open the battery cover, insert the battery into the battery compartment and close the battery cover.

3. The weminder device will enter pairing mode directly.

4. Enter the "Settings ⚙ " menu, tap "Sync data to device" to synchronize your weminder device with APP.

Press the button and hold for 4 seconds to enter the sync mode.

- Pairing mode: Green and red light blinking alternatively.
- Sync mode: Green light ON continuously.
- Syncing data: Green light blinking.

5. Tap "Close" after synchronization is done.

Operation

- The weminder will ring at scheduled time. Just simply press the button to hear the voice messages.

- You can press the button again to hear the last voice message.

- If you miss the scheduled time, weminder will ring every one minute (first 10 minutes) or five minutes (after 10 minutes) until button press.

- The voice message will expire after 30 minutes of the scheduled time.

Adding new voice reminders to your weminder unit

1. In weminder APP, enter the "Settings ✿ " menu, tap "Sync data to device" to synchronize your weminder device with APP.

2. Enter the Sync mode: Press and hold the button of your weminder device for 4 seconds.

3. After the APP has connected to your weminder, the APP will synchronize with the your weminder.

4. Tap "Close" after synchronization is done.

Low battery warning

A red LED will blink slowly (every 15 seconds) if the battery voltage level is low. Replace with a new battery and sync the weminder unit to your smartphone again.
