The Jesus Studies

The future. For teenagers, it's a concept that occupies a lot of their thoughts. Where will they go to college? WILL they go to college? Whom will they marry? What career will they choose? And so on. These are good, important questions. But there is a deeper way of thinking about their future, one that asks more complex questions: How can I allow God to use my future for His glory? What kind of life does God want me to live? What happens after I die? The good news? Jesus has plenty to say about the future.

Jesus and Your Future will help you teach your students that a forever-future with God is found through faith in Christ; that Jesus came so that we may have a future that is abundantly awesome; that we have to see our future as belonging to God to use as He sees fit; and that committing our future to God is the pathway to experiencing God's favor, both now and in eternity.

Teach Jesus and Your Future to help students welcome their future with a God-driven confidence.
