THE
BUILDING
BLOCKS
OF FAITH

Anything lasting must be built on a firm foundation and the faith of students is no different. One of the most important things a youth worker can do is to help students build a solid faith foundation. That's where **Activate** comes in.

Activate: The Building Blocks of Faith helps students lay the foundation of a lasting relationship with God through a study of the core concepts of their faith. Over the course of 52 weeks, **Activate** examines 17 foundational elements of faith, each using a unique three-lesson framework. Your students will journey through such important concepts as the Trinity, God's glory, God's grace, discipleship, salvation, and more.
