

## Maintenance, Tips, and Warnings

### MAINTENANCE:

Sweep or vacuum using soft bristle attachments for daily maintenance. When necessary, clean with a MOIST cloth or mop and water only – heavy use of detergent cleaners will leave a residue and, over time, lead to a cloudy film.

Immediately wipe away and dry away spills.

**NEVER USE** floor polish or floor cleaning wax, oils, soaps, etc. These products can damage and/or leave a film on the flooring. This is not a flooring defect.

### TIPS:

- Always use felt tip protectors on all furniture legs/feet, and regularly clean any gathered dirt/grit from the pads
- Entryway/walk off mats are recommended. **Warning:** Never use vinyl/latex/rubber backed protective mats
- Area rugs are recommended
- Keep pet nails trimmed
- Sharp shoe-heels (e.g. high-heels) may dent the floors
- Never slide furniture across a floor without pads
- Keep floors clean
- For wet areas such as bathrooms, caulk/completely seal the perimeter of the floor with a flexible silicon caulk
