

ENVIRONMENTAL POLICY

Univar Specialty Consumables is committed to managing its activities so as to ensure that they are acceptable to the community, and they present an acceptably high level of protection for the environment.

The Company in conjunction with **ISO 14001** aims to:

- **Meet and comply with all relevant regulatory & compliance obligations.**
- **Achieve continual improvement in environmental performance with an aim to protecting the environment.**
 - **Ensure the prevention of pollution and other specific commitment(s) relevant to the context of the organization.**
- **Set, monitor and review environmental objectives & targets.**
- **Consider the environmental effects / risks of existing and new developments at the planning stage.**

Univar Specialty Consumables will provide resources necessary to achieve its aims, and involve the management and employees at all levels in meeting policy objectives.

Steve Jones

**Supplier & Product Management Director – Univar
(Responsible for Univar SC)**
