

PARTS LIST

ATTENTION: Before you begin to assemble the product, please make sure that all the parts are included in the package, and inspect them for damages or defects.

(A)x1
Back/Seat/Arms

(F)x4
Screws M6x20mm

(B)x1
Mechanism

(G)x2
Screws M6x25mm

(C)x1
Gas Lift

(H)x4
Cap Cover

(D)x1
Base

(I)x1
Allen key

(E)x5
Casters

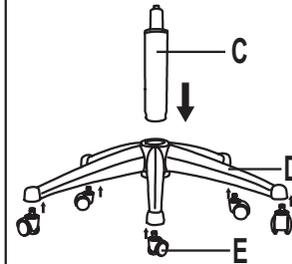

ATTENTION:

- To avoid misalignments, leave the screws loose and do not tighten them until all are in place.
- Do not overtighten or force the screws as they could break or strip.
- Using the wrong size of screws on a part might cause damage to it.

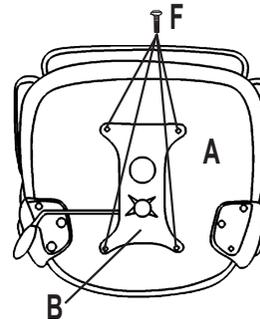

STEP 1

Insert all the casters (E) into the base (D) using pressure, then place the gas lift (C) in the middle of the base (D).

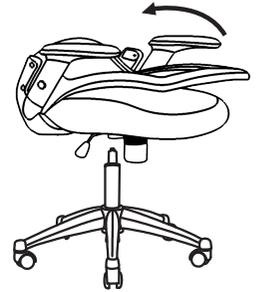

STEP 2

Place the folded Back/Seat/Armrest (B) upside down with its front facing away from you as shown. Assemble the mechanism (B) using screws (F), but screw loose and tighten after all screws are in place. The handle will be on the left side as shown.

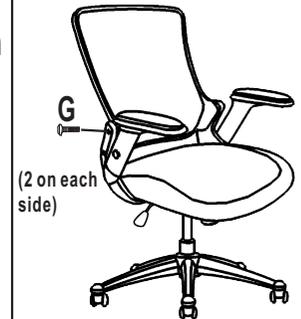

STEP 3

Place the top parts of the chair over the base parts, making sure that the tip of the gas lift enters into the hole of the mechanism. Then unfold the backrest.

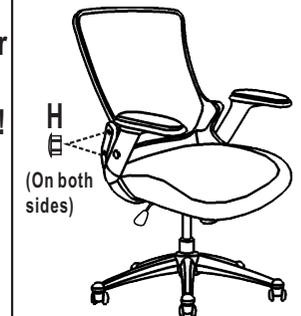

STEP 4

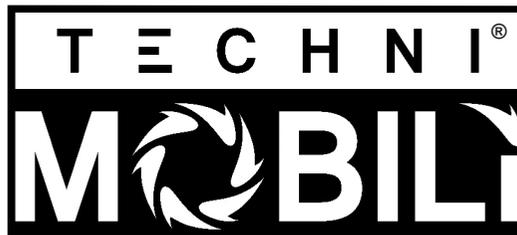

Secure the backrest with screws (G) on each side as shown, make sure the bottom two screws are tighten.

STEP 5

Place the cap covers (H) over the holes on the sides. **DONE!** Enjoy your new chair! Make sure that all the screws, bolts and knobs are tightened before using the chair for the first time.

LIFT AND TILT FUNCTIONS:

- To raise or lower the chair's height: Pull the handle UP with force. The chair will go down while sitting on it, or up if you lift your body.
- Tilting mechanism: Pull the handle OUT (horizontally) to unlock and IN to lock.
- Tilt tension control: Turn the mechanism's knob either direction to apply more or less tension to the tilting function.
- Arm height: Push the buttons and raise or lower the arms to the desired height.

WARNINGS:

- Do not stand up on the chair.
- Do not use the chair as a ladder.
- Use for seating only one person at a time.
- At least every 4 months, check all bolts, screws and knobs to be sure they are tight. Do not use if parts are loose, damaged or missing.
- Failure to follow the above warnings could result in serious injury.
- Do not apply solvents or polishers directly to the chair parts. Instead, use a clean soft damp towel with a solution of mild soap and water.
