L Allen Wrench, x1

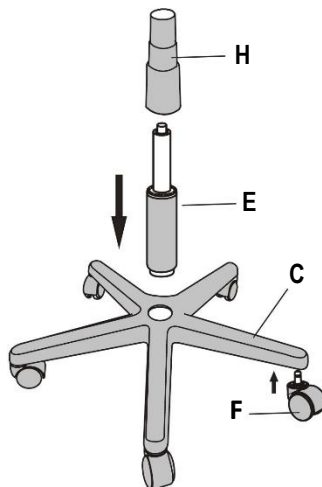

ASSEMBLY INSTRUCTIONS FOR CHAIR MODEL RTA-KS41

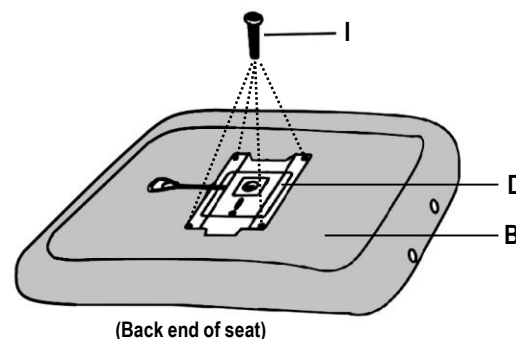

ATTENTION:

- ⚠ Follow the instructions step by step.
- ⚠ To avoid misalignments, leave the screws loose and do not tighten them until all are in their respective places.
- ⚠ Do not overtighten or force the screws as they could break, strip, or damage the threads of the holes.
- ⚠ Using the wrong size of screws on a part could result in damage to the screw or the part.

- 1** Insert the casters (F) into the legs of the base (C) using pressure, then place the gas lift (E) in the middle of the base, and cover it with (H) as shown.

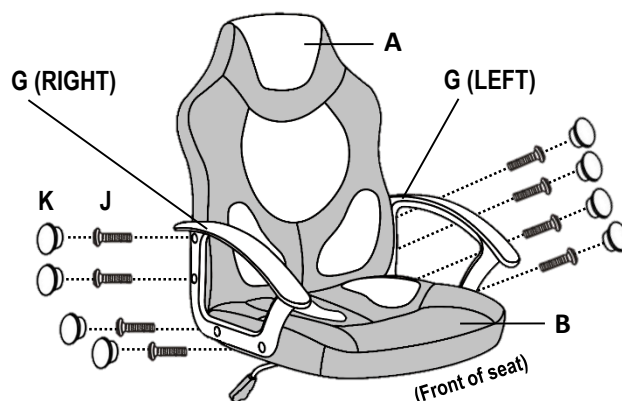

- 2** Place the seat (B) upside-down with its back end towards you as shown. Using screws (I), assemble the mechanism (D) to the seat with its handle facing to your LEFT.

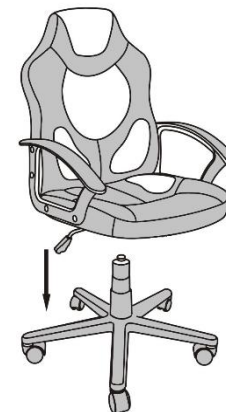

- 3** Assemble the armrests (G) to the backrest (A) and the seat (B) on their respective sides using screws (J) and cover the holes with (K) as shown.

▀ Assembly tip: First assemble the arms to the seat leaving all screws loose, then assemble the arms to the backrest.

- 4** Place the seat over the base, making sure the tip of the gas lift enters into the hole of the mechanism.

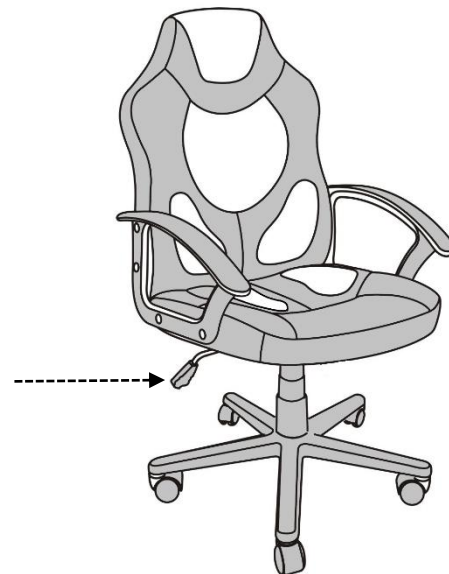

Tighten well all the screws before you sit on the chair for the first time.

CHAIR'S FUNCTIONS:

To raise or lower the chair's height, pull UP the lever that is under the seat.

The chair goes down while sitting on it, or up if you lift your body.

NOTE: This chair does not recline.

WARNINGS:

This chair is intended for children, however, it is strongly recommended to take the following safety precautions to avoid injuries:

- Use the chair to seat only one child at a time.
- Do not let the child stand up on the chair.
- Do not let the child play with the chair as if it was a racing vehicle.
- Do not use the chair if parts are damaged or if screws are loose or missing.

CARE AND MAINTENANCE:

- To clean the chair it is recommended to use a soft cloth lightly dampened in a solution of smooth soap and water, then dry with a clean towel.
- Do not use solvents or abrasive materials to clean any part of the chair.
- Before applying a cleaning agent, test on a small hidden area of the chair, like underneath the seat.
- Do not expose the product to direct sunlight or to extreme environmental conditions.
- Every 4 months, inspect the chair completely and make sure that all screws are tight.
