

Lightning Bolts superior quality manufacturing capabilities:

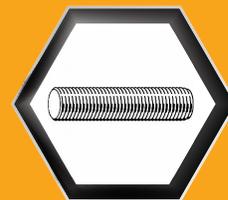

Heavy Hex Bolts
per the ASTM F3125
Grade A325 and A490

**Double
End Studs**

**Bent Anchor
Bolts and
"J" Bolts**

**Custom length
cut studs and
threaded rods**

Material Test Reports for domestic melted and manufactured steel can be provided with all products upon request.

Our in-house AutoCAD drawing team delivers your technically accurate drawings according to specified materials and all required dimensional standards.

Our technical team will work hand in hand with your project engineer to make sure the products we supply meet all the dimensional and chemical requirements of your project.

Steel Plates

We also manufacture welded plate washer assemblies. Simply send us your design specifications and we will take care of the rest: we are your one stop shop.

Platings and coatings

We work with the most efficient leaders in the industry for all your custom plating needs – ranging from Hot Dipped Galvanization (ASTM A123 or F2329), Zinc Plating, Cadmium Plating, and many other rust-proof platings.

The certificate of conformity for the plating can provided upon request.

Why work with us?

- Expert technical knowledge to help you get the best custom product for your needs
- Traceability of steel, Certifications and Mill test reports on the material
- Our dedicated customer service will work with you every step of the way, to ensure your complete satisfaction.
- Large inventory and fast turnaround time
- Our extended manufacturing capabilities
