

RING SIZER

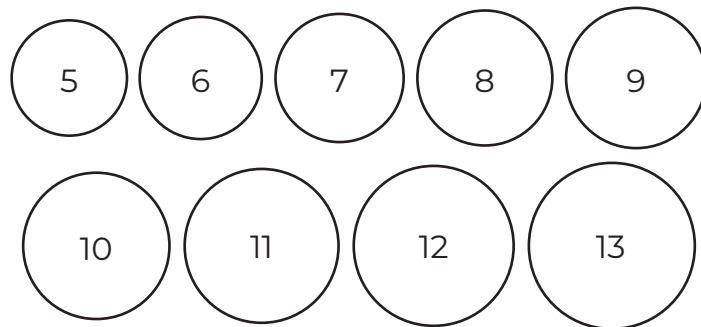

Before ordering your ring, we recommend measuring to ensure your best fit. Please ensure your printer is set to the correct scale before measuring. The bar below should measure at exactly 70mm long on your printed page.

Please note, this ruler is to be used for printing scale only. We do not recommend using it to measure around your finger.

MEASURE A RING YOU ALREADY OWN

1. Select a ring that properly fits your intended finger.
2. Hold your ring over the circles to the right. For the correct size, the printed circle should be visible on the inside of your ring.
