Smart Dripper™

300 ml Flat Bottom Glass Dripper

Made of durable double wall tempered borosilicate glass to maintain temperature, yet remains cool to the touch while making perfect pour over coffee. Its flat bottom design accommodates standard basket style coffee filters for better coffee extraction. The no slip silicone bottom is easily removed for cleaning and fits your favorite mug, or the Brewista 360ml and 600ml Glass Servers. Dishwasher safe (top rack).
