## Screw Drivers Cushioned Grip & Handle ID

**MATERIAL:** Hardened Steel & Acetate, TPV (Cushion)  
**FINISH:** Chrome Plated

### APPLICATIONS:

#### 7 Piece Nut Driver Set

- Used to tighten nuts and bolts requiring a lower torque than wrenches or ratchets
- Commonly used in the appliance repair and electronics industries

#### Phillips, Square-Recess, Slotted

- Used as a tool to screw (inserting) and unscrew (removing) screws, using little torque and type of the head in of the screw

### FEATURES:

- Ergonomic, cushion grip handle provides greater torque and comfort
- Blade and size identification printed on head for easy selection
- Black oxide blade tips are designed to ensure a tighter tolerance and more precise fit without slippage
- Chrome plated to resist corrosion
- Magnetic tips hold onto screws
- TPV cushion handle prevents slip resistance to chemicals, oils and most solvents
- Precision machined tips
