

# PASQUALE BRUNI

PASQUALE BRUNI JOINS THE AVSTEV JEWELLERY PORTFOLIO  
FEBRUARY 2020

**AVSTEV Group is pleased to announce the further expansion of its portfolio of global luxury brands to now include Pasquale Bruni.**

**Italian jewellery designer, Pasquale Bruni has been celebrating craftsmanship for over 50 years in unparalleled designs. Each collection is handcrafted in Italy and the gemstones and golds are rigorously selected to instill the family soul into exceptional jewels. Founded by Pasquale Bruni, the creative direction of the company is now in the hands of his daughter, Eugenia Bruni.**

**She has inherited his goldsmith rigor and love for details. She adds her signature touch with a meticulous study of the feminine shape to ensure a sensual communion between body and soul.**

## PASQUALE BRUNI

Pasquale Bruni had just turned 20 when he began his pioneering journey inspired by his creative vision.

He was young and brave, which allowed him to immediately create special and unique handcrafted pieces that the world would soon appreciate. His ground-breaking approach changed the very nature of the jewellery business.

For Pasquale Bruni, Valenza was and always will be a place of excellence.

This is where Pasquale founded his workshop and raised his family. This is the reassuring cradle where his work has evolved, inspired by the vitality of his clients and their worlds.

## EUGENIA BRUNI

Eugenia has been part of the company since childhood when she acquired a natural passion for her father's work. Nurtured in a "loving creative environment," she had Pasquale add to all collections a feminine touch along with colour.

In 2001 she undertook full responsibility for the creative direction of the brand, adding a contemporary soul to each new collection.- From "Ghirlanda" to "Sissi" to the iconic "Bon Ton" and "Giardini Segreti". Eugenia cherishes the true essence of nature, experimenting colours and shapes to enhance the feminine allure.

**In 2020, AVSTEV Group, in partnership with Pasquale Bruni, will develop the Australian market & introduce this incredible brand, soon to be available at selected retailers.**
