

# BLEWITT SPRINGS ESTATE

## RIESLING EDEN VALLEY 2018

*The Blewitt Springs Estate label was created as a tribute to the first Patritti vineyard purchased and planted in the McLaren Vale region, the Blewitt Springs Vineyard. It's fruit has been the mainstay of Patritti table wines for over five decades. Similarly, this range provides wines of ever-reliable quality and excellent value for money.*

### REGION

Eden Valley is located in the cooler part of the Mount Lofty Ranges. Characterised by a higher altitude (380 - 550 metres), cool climate and ancient soils, it is known for producing elegant wines that display wonderful aromatics and complexity. The soil types vary within the region ranging from sandy loam littered with gravel.

### VINTAGE

Winter and spring rainfall ensured soil moisture was adequate through the dry growing season and vines were in good health leading into summer. January and February were warm and dry allowing the grapes to ripen over an extended period leading to fruit packed with varietal characteristics and flavour.

### TASTING COMMENTS

Very light pale straw with a greenish tinge, this wine displays all the hallmarks of a classic Eden Valley Riesling. A lifted floral and aromatic nose with bath salts, lime, tangerine and mandarin. The palate is all about freshness. Lime and citrus flavours persist and linger along the refreshing acid back bone.
