- Demonstrate ways to communicate care, consideration, and respect for self and others
- Analyze how emotions and self-awareness influence decision making
- Relate managing emotions to success in life

B. A student should understand how well-being is affected by relationships with others. *A student who meets the content standard should:*

2. Communicate effectively within relationships;

Lesson 4 Say What You Mean. Mean What You Say. – *Effective Communication*

Objectives

Following this lesson, the student will be able to:

- Demonstrate active listening techniques to build and maintain healthy relationships
- Recognize the role of verbal and nonverbal communication in conveying meaning and understanding
- Differentiate assertive, passive, and aggressive communication styles
- Demonstrate assertive communication techniques
- Use effective communication skills in asking for help and advocating needs
- Apply effective communication skills to collaborative efforts

B. A student should understand how well-being is affected by relationships with others. *A student who meets the content standard should:*

2. Communicate effectively within relationships;

C. A student should be able to demonstrate responsibility for the student's well-being. *A student who meets the content standard should:*

2. Demonstrate a variety of communication skills that contribute to well-being;

Lesson 5 The Ties that Bind – *Bonding and Relationships*

Objectives

Following this lesson, the student will be able to:

- Identify characteristics of healthy and unhealthy relationships
- Develop social-awareness and interpersonal skills to maintain positive relationships
- Recognize the benefits of belonging to a positive peer group
- Identify and bond with a positive peer group
- Manage one's emotions in relationships to positively influence and inspire others

B. A student should understand how well-being is affected by relationships with others. *A student who meets the content standard should:*

2. Communicate effectively within relationships;
3. Evaluate how similarities and differences among individuals contribute to relationships;
4. Understand how respect for the rights of self and others contributes to relationships;
5. Understand how attitude and behavior affect the well-being of self and others; and
6. Assess the effects of culture, heritage, and traditions on well-being.

C. A student should be able to demonstrate responsibility for the student's well-being. *A student who meets the content standard should:*

1. Demonstrate an ability to make responsible decisions by discriminating among risks and by identifying consequences;
2. Demonstrate a variety of communication skills that contribute to well-being;

Lesson 6 Wasted Time – *Effects of Alcohol Use on the Brain and Body*

Objectives

Following this lesson, the students will be able to:

- Recognize and evaluate the influence of expectations on the decision to consume alcohol
- Identify the physical, mental, social, emotional, and legal implications of underage consumption of alcohol
- Discuss the short and long-term effects of alcohol use on the development of the teenage brain and body
- Discuss the negative effect of underage drinking on achieving goals
- Demonstrate peer-refusal skills in situations involving alcohol

A. A student should be able to acquire a core knowledge related to well-being. *A student who meets the content standard should:*

1. Understand that a person's well-being is the integration of health knowledge, attitudes, and behaviors;

2. Understand how the human body is affected by behaviors related to eating habits, physical fitness, personal hygiene, harmful substances, safety, and environmental conditions;
3. Understand and identify the causes, preventions, and treatments for diseases, disorders, injuries, and addictions;
4. Recognize patterns of abuse directed at self or others and understand how to break these patterns;
5. Use knowledge and skills to promote the well-being of the family;

C. A student should be able to demonstrate responsibility for the student's well-being. *A student who meets the content standard should:*

1. Demonstrate an ability to make responsible decisions by discriminating among risks and by identifying consequences;

D. A student should be able to contribute to the well-being of families and communities. *A student who meets the content standard should:*

1. Make responsible decisions as a member of a family or community;

Lesson 7 Vaporware – Effects of Nicotine Use on the Brain and Body

Objectives

Following this lesson, the student will be able to:

- Identify the various forms of nicotine products
- Define tolerance, addiction, and withdrawal
- Discuss the stages of addiction and the associated behaviors of each stage
- Identify the short-term, long-term, and social consequences of tobacco use
- Apply peer-refusal skills to situations involving nicotine

A. A student should be able to acquire a core knowledge related to well-being. *A student who meets the content standard should:*

1. Understand that a person's well-being is the integration of health knowledge, attitudes, and behaviors;
2. Understand how the human body is affected by behaviors related to eating habits, physical fitness, personal hygiene, harmful substances, safety, and environmental conditions;
3. Understand and identify the causes, preventions, and treatments for diseases, disorders, injuries, and addictions;
4. Recognize patterns of abuse directed at self or others and understand how to break these patterns;
5. Use knowledge and skills to promote the well-being of the family;

C. A student should be able to demonstrate responsibility for the student's well-being. *A student who meets the content standard should:*

1. Demonstrate an ability to make responsible decisions by discriminating among risks and by identifying consequences;

D. A student should be able to contribute to the well-being of families and communities. *A student who meets the content standard should:*

1. Make responsible decisions as a member of a family or community;

Lesson 8 Truth or Consequences – Effects of THC and Marijuana Use on the Brain and Body

Objectives

Following this lesson, the student will be able to:

- Discuss the physical, mental, social, and emotional consequences of marijuana use
- Discuss the misperceptions of marijuana and its use
- Examine the effects of marijuana on the body, particularly on brain function
- Evaluate the impact of marijuana impairment on goals, activities, and occupations
- Discuss the psychological addiction aspects of marijuana use

A. A student should be able to acquire a core knowledge related to well-being. *A student who meets the content standard should:*

1. Understand that a person's well-being is the integration of health knowledge, attitudes, and behaviors;
2. Understand how the human body is affected by behaviors related to eating habits, physical fitness, personal hygiene, harmful substances, safety, and environmental conditions;
3. Understand and identify the causes, preventions, and treatments for diseases, disorders, injuries, and addictions;
4. Recognize patterns of abuse directed at self or others and understand how to break these patterns;
5. Use knowledge and skills to promote the well-being of the family;

C. A student should be able to demonstrate responsibility for the student's well-being. *A student who meets the content standard should:*

1. Demonstrate an ability to make responsible decisions by discriminating among risks and by identifying consequences;

D. A student should be able to contribute to the well-being of families and communities. *A student who meets the content standard should:*

1. Make responsible decisions as a member of a family or community;

Lesson 9 The Evidence Speaks for Itself – Prescription, OTC, and Street Drugs

Objectives

Following this lesson, the students will be able to:

- Differentiate healthy and unhealthy risks and predict their outcomes
- Incorporate risk analysis into the Decision-Making Model
- Compare the harmful effects of abusing prescription and OTC drugs to those of street drugs
- Discuss the addictive and harmful effects of over-the-counter, prescription, street drug abuse
- Discuss the physical, psychological, social, and emotional consequences of prescription and OTC drug abuse
- Differentiate appropriate use and abuse of prescription, over-the-counter, and street drugs

A. A student should be able to acquire a core knowledge related to well-being. *A student who meets the content standard should:*

1. Understand that a person's well-being is the integration of health knowledge, attitudes, and behaviors;
2. Understand how the human body is affected by behaviors related to eating habits, physical fitness, personal hygiene, harmful substances, safety, and environmental conditions;
3. Understand and identify the causes, preventions, and treatments for diseases, disorders, injuries, and addictions;
4. Recognize patterns of abuse directed at self or others and understand how to break these patterns;
5. Use knowledge and skills to promote the well-being of the family;

C. A student should be able to demonstrate responsibility for the student's well-being. *A student who meets the content standard should:*

1. Demonstrate an ability to make responsible decisions by discriminating among risks and by identifying consequences;

D. A student should be able to contribute to the well-being of families and communities. *A student who meets the content standard should:*

1. Make responsible decisions as a member of a family or community;

Lesson 10 Consider the Alternative – Alternatives to Substance Use and Course Review

Objectives

Following this lesson, the student will be able to:

- Discuss the reasons why some teenagers choose to use drugs
- Identify healthy alternatives to drug use
- Discuss solutions for a friend with an alcohol or other drug problem
- Access school and community resources for help with alcohol or other drug problems
- Recall and practice skills and concepts learned in the course

A. A student should be able to acquire a core knowledge related to well-being. *A student who meets the content standard should:*

1. Understand that a person's well-being is the integration of health knowledge, attitudes, and behaviors;
2. Understand how the human body is affected by behaviors related to eating habits, physical fitness, personal hygiene, harmful substances, safety, and environmental conditions;
3. Understand and identify the causes, preventions, and treatments for diseases, disorders, injuries, and addictions;
4. Recognize patterns of abuse directed at self or others and understand how to break these patterns;
5. Use knowledge and skills to promote the well-being of the family;

C. A student should be able to demonstrate responsibility for the student's well-being. *A student who meets the content standard should:*

1. Demonstrate an ability to make responsible decisions by discriminating among risks and by identifying consequences;

D. A student should be able to contribute to the well-being of families and communities. *A student who meets the content standard should:*

1. Make responsible decisions as a member of a family or community;

Lesson 11 Many Rivers to Cross – Respect for Self and Others

Objectives

Following this lesson, the students will be able to:

- Define respect
- Appreciate differences in preference, point of view, opinion, value, and experience of others
- Identify the effect of self-respect on decisions and relationships
- Identify specific examples of demonstrating respect to others
- Differentiate commanding and demanding respect

1. Resolve conflicts responsibly;
2. Communicate effectively within relationships;
3. Evaluate how similarities and differences among individuals contribute to relationships;
4. Understand how respect for the rights of self and others contributes to relationships;
5. Understand how attitude and behavior affect the well-being of self and others; and

Lesson 12 The Resolution Solution – Conflict Resolution

Objectives

Following this lesson, the student will be able to:

- Differentiate between conflict and violence
- Determine behaviors that escalate a conflict
- Identify healthy approaches to conflict resolution
- Demonstrate effective conflict resolution skills

B. A student should understand how well-being is affected by relationships with others. *A student who meets the content standard should:*

1. Resolve conflicts responsibly;
2. Communicate effectively within relationships;
3. Evaluate how similarities and differences among individuals contribute to relationships;
4. Understand how respect for the rights of self and others contributes to relationships;
5. Understand how attitude and behavior affect the well-being of self and others; and

C. A student should be able to demonstrate responsibility for the student's well-being. *A student who meets the content standard should:*

1. Demonstrate an ability to make responsible decisions by discriminating among risks and by identifying consequences;
2. Demonstrate a variety of communication skills that contribute to well-being;

Lesson 13 Maximize Life, Minimize Stress – *Stress Management*

Objectives

Following this lesson, the student will be able to:

- Identify common stressors including change, difficult situations, internal conflict, and external conflict
- Identify physical, emotional, and health-related signs and symptoms of stress
- Discuss the role of self-control and personal responsibility in managing the emotions related to stress
- Evaluate and apply effective strategies for coping with stress

A. A student should be able to acquire a core knowledge related to well-being. *A student who meets the content standard should:*

1. Understand that a person's well-being is the integration of health knowledge, attitudes, and behaviors;
2. Understand how the human body is affected by behaviors related to eating habits, physical fitness, personal hygiene, harmful substances, safety, and environmental conditions;

B. A student should understand how well-being is affected by relationships with others. *A student who meets the content standard should:*

2. Communicate effectively within relationships;

C. A student should be able to demonstrate responsibility for the student's well-being. *A student who meets the content standard should:*

1. Demonstrate an ability to make responsible decisions by discriminating among risks and by identifying consequences;
2. Demonstrate a variety of communication skills that contribute to well-being;
3. Assess the effects of culture, heritage, and traditions on personal well-being;
4. Develop an awareness of how personal life roles are affected by and contribute to the well-being of families, communities, and cultures;
6. Understand how personal relationships, including those with family, friends, and co-workers, impact personal well-being.

Lesson 14 #Compatibility – *Healthy Teen Dating*

Objectives

Following this lesson, the students will be able to:

- Identify characteristics of healthy and unhealthy dating relationships
- Define teen dating abuse
- Demonstrate ways to bond with pro-social partners to build and maintain healthy dating relationships
- Demonstrate ways to avoid unhealthy dating relationships
- Establish standards and characteristics of healthy personal relationships
- Evaluate and manage the potential risks when unhealthy characteristics are present in a dating relationship

1. Understand that a person's well-being is the integration of health knowledge, attitudes, and behaviors;
4. Recognize patterns of abuse directed at self or others and understand how to break these patterns;

B. A student should understand how well-being is affected by relationships with others. *A student who meets the content standard should:*

1. Resolve conflicts responsibly;
2. Communicate effectively within relationships;
3. Evaluate how similarities and differences among individuals contribute to relationships;
4. Understand how respect for the rights of self and others contributes to relationships;
5. Understand how attitude and behavior affect the well-being of self and others; and
6. Assess the effects of culture, heritage, and traditions on well-being.

C. A student should be able to demonstrate responsibility for the student's well-being. *A student who meets the content standard should:*

1. Demonstrate an ability to make responsible decisions by discriminating among risks and by identifying consequences;
2. Demonstrate a variety of communication skills that contribute to well-being;
6. Understand how personal relationships, including those with family, friends, and co-workers, impact personal well-being.

D. A student should be able to contribute to the well-being of families and communities. *A student who meets the content standard should:*

1. Make responsible decisions as a member of a family or community;

Lesson 15 Finding Perspective – Social Media Awareness and Course Review

Objectives

Following this lesson, the student will be able to:

- Analyze online content to detect embellishment or other enhanced portrayals
- Identify the benefits and stressors associated with online activity
- Identify the influence of peer acceptance via social media on decision making
- Apply the decision-making model to mitigate the influence of social media activity
- Demonstrate knowledge and understanding of social-emotional skills learned in lessons 1-10

A. A student should be able to acquire a core knowledge related to well-being. *A student who meets the content standard should:*

1. Understand that a person's well-being is the integration of health knowledge, attitudes, and behaviors;
4. Recognize patterns of abuse directed at self or others and understand how to break these patterns;

B. A student should understand how well-being is affected by relationships with others. *A student who meets the content standard should:*

1. Resolve conflicts responsibly;
2. Communicate effectively within relationships;
3. Evaluate how similarities and differences among individuals contribute to relationships;
4. Understand how respect for the rights of self and others contributes to relationships;
5. Understand how attitude and behavior affect the well-being of self and others; and
6. Assess the effects of culture, heritage, and traditions on well-being.

C. A student should be able to demonstrate responsibility for the student's well-being. *A student who meets the content standard should:*

1. Demonstrate an ability to make responsible decisions by discriminating among risks and by identifying consequences;
2. Demonstrate a variety of communication skills that contribute to well-being;
6. Understand how personal relationships, including those with family, friends, and co-workers, impact personal well-being.

D. A student should be able to contribute to the well-being of families and communities. *A student who meets the content standard should:*

1. Make responsible decisions as a member of a family or community;
