

Too Good for Violence – Social Perspectives High School Revised Edition

Correlated with Montana Standards for Health Enhancement

Lesson One: *Graduation Day* – Goal Setting

Objectives

Following this lesson, the student will be able to:

- Identify and apply the steps for setting and reaching a personal goal
- Identify and apply the criteria for naming a reachable goal
- Apply knowledge of aptitudes and interests to goal setting
- Recognize and manage obstacles that can interfere with reaching a goal

Health Content Standard 1—Students have a basic knowledge and understanding of concepts that promote comprehensive health.

Students will...

1. analyze how attitudes and behaviors can impact health maintenance, disease prevention, and injury.

Health Content Standard 5—Students demonstrate the ability to use critical thinking and decision making to enhance health.

Students will...

3. implement a plan for achieving personal health goals.
4. evaluate progress toward attaining personal health goals.

Health Content Standard 7—Students demonstrate health-enhancing behaviors.

Students will...

4. initiate independent and responsible health-enhancing personal behavior.

Lesson Two: *Who’s in Charge Here?* – Decision Making

Objectives

Following this lesson, the student will be able to:

- Demonstrate the ability to apply the steps in the Decision-Making Model
- Predict the consequences of decisions on self and others
- Recognize personal responsibility for the outcomes of decisions
- Use decision-making and problem-solving skills to reach a desirable outcome
- Examine the effects of influence on decision-making

Health Content Standard 1—Students have a basic knowledge and understanding of concepts that promote comprehensive health.

Students will...

1. analyze how attitudes and behaviors can impact health maintenance, disease prevention, and injury.

Health Content Standard 5—Students demonstrate the ability to use critical thinking and decision making to enhance health.

Students will...

1. utilize problem-solving strategies when making health decisions related to needs and risks of young adults.
2. predict immediate and long-term impacts of health decisions on the individual, family, and community.
4. evaluate progress toward attaining personal health goals.

Health Content Standard 6—Students demonstrate interpersonal communication skills to enhance health.

Students will...

3. demonstrate healthy ways to express needs, wants, and feelings.

Health Content Standard 7—Students demonstrate health-enhancing behaviors.

Students will...

4. initiate independent and responsible health-enhancing personal behavior.

Lesson Three: *Feelings 101* – Identifying and Managing Emotions

Objectives

Following this lesson, the student will be able to:

- Demonstrate strategies to identify and manage emotions
- Discern the emotions of others
- Demonstrate the ability to perspective take in a variety of situations
- Demonstrate ways to communicate care, consideration, and respect for self and others
- Analyze how emotions and self-awareness influence decision making
- Relate managing emotions to success in life

Health Content Standard 1—Students have a basic knowledge and understanding of concepts that promote comprehensive health.

Students will...

1. analyze how attitudes and behaviors can impact health maintenance, disease prevention, and injury.
2. explain the impact of personal health behaviors on the functioning of body systems, including the reproductive system.

Health Content Standard 5—Students demonstrate the ability to use critical thinking and decision making to enhance health.

Students will...

2. predict immediate and long-term impacts of health decisions on the individual, family, and community.

Health Content Standard 6—Students demonstrate interpersonal communication skills to enhance health.

Students will...

2. demonstrate ways to communicate care, consideration, and respect of self and others.
3. demonstrate healthy ways to express needs, wants, and feelings.

Health Content Standard 7—Students demonstrate health-enhancing behaviors.

Students will...

4. initiate independent and responsible health-enhancing personal behavior.

Lesson Four: *Say What You Mean. Mean What You Say* – Effective Communication

Objectives

Following this lesson, the student will be able to:

- Demonstrate active listening techniques to build and maintain healthy relationships
- Recognize the role of verbal and nonverbal communication in conveying meaning and understanding
- Differentiate assertive, passive, and aggressive communication styles
- Demonstrate assertive communication techniques
- Use effective communication skills in asking for help and advocating needs
- Apply effective communication skills to collaborative efforts

Health Content Standard 1—Students have a basic knowledge and understanding of concepts that promote comprehensive health.

Students will...

1. analyze how attitudes and behaviors can impact health maintenance, disease prevention, and injury.
2. explain the impact of personal health behaviors on the functioning of body systems, including the reproductive system.
4. develop personal health-enhancing strategies that encompass substance abuse, nutrition, sexual activities, injury/disease prevention, including HIV/AIDS prevention, and stress management.

Health Content Standard 5—Students demonstrate the ability to use critical thinking and decision making to enhance health.

Students will...

1. utilize problem-solving strategies when making health decisions related to needs and risks of young adults.
2. predict immediate and long-term impacts of health decisions on the individual, family, and community.
3. implement a plan for achieving personal health goals.
4. evaluate progress toward attaining personal health goals.

Health Content Standard 6—Students demonstrate interpersonal communication skills to enhance health.

Students will...

1. demonstrate skills for communicating effectively with family, peers, and others.
2. demonstrate ways to communicate care, consideration, and respect of self and others.
3. demonstrate healthy ways to express needs, wants, and feelings.
4. demonstrate refusal, mediation, and collaboration skills for solving interpersonal conflict without harming self or others.
5. analyze how interpersonal communication affects relationships.
6. analyze the possible causes of conflict and demonstrate strategies to manage conflict.

Health Content Standard 7—Students demonstrate health-enhancing behaviors.

Students will...

4. initiate independent and responsible health-enhancing personal behavior.

Health Content Standard 1—Students have a basic knowledge and understanding of concepts that promote comprehensive health.

Students will...

1. analyze how attitudes and behaviors can impact health maintenance, disease prevention, and injury.

Health Content Standard 5—Students demonstrate the ability to use critical thinking and decision making to enhance health.

Students will...

1. utilize problem-solving strategies when making health decisions related to needs and risks of young adults.

Health Content Standard 6—Students demonstrate interpersonal communication skills to enhance health.

Students will...

1. demonstrate skills for communicating effectively with family, peers, and others.
2. demonstrate ways to communicate care, consideration, and respect of self and others.
3. demonstrate healthy ways to express needs, wants, and feelings.
5. analyze how interpersonal communication affects relationships.

Health Content Standard 7—Students demonstrate health-enhancing behaviors.

Students will...

4. initiate independent and responsible health-enhancing personal behavior.

Lesson Five: *The Ties that Bind* – Bonding and Relationships

Objectives

Following this lesson, the student will be able to:

- Identify characteristics of healthy and unhealthy relationships
- Develop social-awareness and interpersonal skills to maintain positive relationships
- Recognize the benefits of belonging to a positive peer group
- Identify and bond with a positive peer group
- Manage one's emotions in relationships to positively influence and inspire others

Health Content Standard 1—Students have a basic knowledge and understanding of concepts that promote comprehensive health.

Students will...

1. analyze how attitudes and behaviors can impact health maintenance, disease prevention, and injury.

Health Content Standard 5—Students demonstrate the ability to use critical thinking and decision making to enhance health.

Students will...

1. utilize problem-solving strategies when making health decisions related to needs and risks of young adults.

Health Content Standard 6—Students demonstrate interpersonal communication skills to enhance health.

Students will...

1. demonstrate skills for communicating effectively with family, peers, and others.
2. demonstrate ways to communicate care, consideration, and respect of self and others.
3. demonstrate healthy ways to express needs, wants, and feelings.
4. demonstrate refusal, mediation, and collaboration skills for solving interpersonal conflict without harming self or others.
5. analyze how interpersonal communication affects relationships.

Health Content Standard 7—Students demonstrate health-enhancing behaviors.

Students will...

4. initiate independent and responsible health-enhancing personal behavior.

Lesson Six: *Many Rivers to Cross* – Respect for Self and Others

Objectives

Following this lesson, the student will be able to:

- Define respect
- Appreciate differences in preference, point of view, opinion, value, and experience of others
- Identify the effect of self-respect on decisions and relationships
- Identify specific examples of demonstrating respect to others
- Differentiate commanding and demanding respect
- Determine how to promote respect in different situations

Health Content Standard 1—Students have a basic knowledge and understanding of concepts that promote comprehensive health.

Students will...

1. analyze how attitudes and behaviors can impact health maintenance, disease prevention, and injury.

Health Content Standard 5—Students demonstrate the ability to use critical thinking and decision making to enhance health.

Students will...

2. predict immediate and long-term impacts of health decisions on the individual, family, and community.

Health Content Standard 6—Students demonstrate interpersonal communication skills to enhance health.

Students will...

1. demonstrate skills for communicating effectively with family, peers, and others.
2. demonstrate ways to communicate care, consideration, and respect of self and others.
3. demonstrate healthy ways to express needs, wants, and feelings.
4. demonstrate refusal, mediation, and collaboration skills for solving interpersonal conflict without harming self or others.
5. analyze how interpersonal communication affects relationships.

Health Content Standard 7—Students demonstrate health-enhancing behaviors.

Students will...

4. initiate independent and responsible health-enhancing personal behavior.

Lesson Seven: *The Resolution Solution* – Conflict Resolution

Objectives

Following this lesson, the student will be able to:

- Differentiate between conflict and violence
- Determine behaviors that escalate a conflict
- Identify healthy approaches to conflict resolution
- Demonstrate effective conflict resolution skills

Health Content Standard 1—Students have a basic knowledge and understanding of concepts that promote comprehensive health.

Students will...

1. analyze how attitudes and behaviors can impact health maintenance, disease prevention, and injury.
4. develop personal health-enhancing strategies that encompass substance abuse, nutrition, sexual activities, injury/disease prevention, including HIV/AIDS prevention, and stress management.

Health Content Standard 5—Students demonstrate the ability to use critical thinking and decision making to enhance health.

Students will...

2. predict immediate and long-term impacts of health decisions on the individual, family, and community.

Health Content Standard 6—Students demonstrate interpersonal communication skills to enhance health.

Students will...

1. demonstrate skills for communicating effectively with family, peers, and others.
2. demonstrate ways to communicate care, consideration, and respect of self and others.
3. demonstrate healthy ways to express needs, wants, and feelings.
4. demonstrate refusal, mediation, and collaboration skills for solving interpersonal conflict without harming self or others.
5. analyze how interpersonal communication affects relationships.
6. analyze the possible causes of conflict and demonstrate strategies to manage conflict.

Health Content Standard 7—Students demonstrate health-enhancing behaviors.

Students will...

4. initiate independent and responsible health-enhancing personal behavior.

Lesson Eight: *Maximizing Life, Minimizing Stress* – Stress Management

Objectives

Following this lesson, the student will be able to:

- Identify common stressors including change, difficult situations, internal conflict, and external conflict
- Identify physical, emotional, and health-related signs and symptoms of stress
- Discuss the role of self-control and personal responsibility in managing the emotions related to stress
- Evaluate and apply effective strategies for coping with stress

Health Content Standard 1—Students have a basic knowledge and understanding of concepts that promote comprehensive health.

Students will...

1. analyze how attitudes and behaviors can impact health maintenance, disease prevention, and injury.
4. develop personal health-enhancing strategies that encompass substance abuse, nutrition, sexual activities, injury/disease prevention, including HIV/AIDS prevention, and stress management.

Health Content Standard 5—Students demonstrate the ability to use critical thinking and decision making to enhance health.

Students will...

2. predict immediate and long-term impacts of health decisions on the individual, family, and community.

Health Content Standard 6—Students demonstrate interpersonal communication skills to enhance health.

Students will...

1. demonstrate skills for communicating effectively with family, peers, and others.
2. demonstrate ways to communicate care, consideration, and respect of self and others.
3. demonstrate healthy ways to express needs, wants, and feelings.
4. demonstrate refusal, mediation, and collaboration skills for solving interpersonal conflict without harming self or others.
5. analyze how interpersonal communication affects relationships.
6. analyze the possible causes of conflict and demonstrate strategies to manage conflict.

Health Content Standard 7—Students demonstrate health-enhancing behaviors.

Students will...

4. initiate independent and responsible health-enhancing personal behavior.

Lesson Nine: #Compatibility – Healthy Teen Dating

Objectives

Following this lesson, the student will be able to:

- Identify characteristics of healthy and unhealthy dating relationships
- Define teen dating abuse
- Demonstrate ways to bond with pro-social partners to build and maintain healthy dating relationships
- Demonstrate ways to avoid unhealthy dating relationships
- Establish standards and characteristics of healthy personal relationships
- Evaluate and manage the potential risks when unhealthy characteristics are present in a dating relationship

Health Content Standard 1—Students have a basic knowledge and understanding of concepts that promote comprehensive health.

Students will...

1. analyze how attitudes and behaviors can impact health maintenance, disease prevention, and injury.
4. develop personal health-enhancing strategies that encompass substance abuse, nutrition, sexual activities, injury/disease prevention, including HIV/AIDS prevention, and stress management.

Health Content Standard 6—Students demonstrate interpersonal communication skills to enhance health.

Students will...

1. demonstrate skills for communicating effectively with family, peers, and others.
2. demonstrate ways to communicate care, consideration, and respect of self and others.
3. demonstrate healthy ways to express needs, wants, and feelings.
4. demonstrate refusal, mediation, and collaboration skills for solving interpersonal conflict without harming self or others.
5. analyze how interpersonal communication affects relationships.
6. analyze the possible causes of conflict and demonstrate strategies to manage conflict.

Health Content Standard 7—Students demonstrate health-enhancing behaviors.

Students will...

4. initiate independent and responsible health-enhancing personal behavior.

Lesson Ten: *Finding Perspective* – Social Media Awareness/Course Review

Objectives

Following this lesson, the student will be able to:

- Analyze online content to detect embellishment or other enhanced portrayals
- Identify the benefits and stressors associated with online activity
- Identify the influence of peer acceptance via social media on decision making
- Apply the decision-making model to mitigate the influence of social media activity
- Demonstrate knowledge and understanding of social-emotional skills learned in lessons 1-10

Health Content Standard 1—Students have a basic knowledge and understanding of concepts that promote comprehensive health.

Students will...

1. analyze how attitudes and behaviors can impact health maintenance, disease prevention, and injury.
2. explain the impact of personal health behaviors on the functioning of body systems, including the reproductive system.
4. develop personal health-enhancing strategies that encompass substance abuse, nutrition, sexual activities, injury/disease prevention, including HIV/AIDS prevention, and stress management.

Health Content Standard 5—Students demonstrate the ability to use critical thinking and decision making to enhance health.

Students will...

1. utilize problem-solving strategies when making health decisions related to needs and risks of young adults.
2. predict immediate and long-term impacts of health decisions on the individual, family, and community.
3. implement a plan for achieving personal health goals.
4. evaluate progress toward attaining personal health goals.

Health Content Standard 6—Students demonstrate interpersonal communication skills to enhance health.

Students will...

1. demonstrate skills for communicating effectively with family, peers, and others.
2. demonstrate ways to communicate care, consideration, and respect of self and others.
3. demonstrate healthy ways to express needs, wants, and feelings.
4. demonstrate refusal, mediation, and collaboration skills for solving interpersonal conflict without harming self or others.
5. analyze how interpersonal communication affects relationships.
6. analyze the possible causes of conflict and demonstrate strategies to manage conflict.

Health Content Standard 7—Students demonstrate health-enhancing behaviors.

Students will...

4. initiate independent and responsible health-enhancing personal behavior.
