CABRINHA 

! WARNING

DO NOT USE THIS PRODUCT UNLESS YOU HAVE READ AND UNDERSTAND THESE WARNINGS, CAUTIONS, AND INSTRUCTIONS WHICH ARE FOR YOUR SECURITY AND PROTECTION. THIS INFORMATION MAY BE SUBJECT TO CHANGE AT ANY TIME. FOR CURRENT UPDATES, PLEASE VISIT OUR WEBSITE AT: WWW.CABRINHAKITES.COM

IF YOU ARE BELOW THE AGE OF 18, YOU SHOULD HAVE YOUR PARENT OR GUARDIAN READ THESE WARNINGS, CAUTIONS AND INSTRUCTIONS AND SHOULD NOT USE THIS PRODUCT UNLESS YOU ARE UNDER THE PROPER GUIDANCE AND SUPERVISION OF SUCH A PERSON.

The use of this product exposes the user to many unavoidable and unexpected risks, injury, DANGERS and HAZARDS. The suppliers of this product are not responsible for any damage to property or any personal injury caused by any use, misuse, abuse or irresponsible use of this product by the user.

Kiteboarding is a HAZARDOUS sport. Power kites and their lines and control equipment can be DANGEROUS to flyers and to anyone in the vicinity of their use. Kiteboarding must be taken seriously and we recommend that, at least in the early stages of your use, you seek the guidance of professional instructors and experienced kiteboarders. Improper and/or unreasonable use of this kite may result in DEATH or SERIOUS INJURY to ANY part of your body and to OTHERS. Do NOT use your kite near power lines, airports, buildings, automobiles, trees, streets, parking lots, rocks, piers, breakwaters, buoys, etc. and keep your kite fly lines away from people and ALL obstacles. Always fly in an open area and observe wind and weather conditions, particularly in circumstances where you may encounter offshore, onshore, variable or strong winds. Do NOT attempt to use your kite on water until you are confident and comfortable with the use of a trainer kite on land. Spend time to become familiar with the operation of your kite and remember that you are responsible for its operation and for the security of those around you. As you learn the sport, work within your own limitations and do NOT exceed them. If you intend to use the kite on water, always use appropriate protective gears and flotation devices and do NOT attach yourself or tie yourself permanently to the kite lines. The kite is NOT intended for use as a flying device nor indeed is it intended as a means of flotation.

! WARNING

RECOMMENDED KITEBOARDING PRACTICE:

Kiteboarding is an extremely diverse sport, with many disciplines and ability levels. As with all sports, there can be certain inherent risks. The following contains key security points to remember when operating your Cabrinha kite.

- Kiteboarding is a HAZARDOUS activity and the use of Kiteboarding equipment involves the risk of serious personal injury to any part of the user's body, or death.
- Injuries are an INHERENT RISK of kiteboarding and the participation in kiteboarding implies the user's acceptance and assumption of those risks.
- Children should ALWAYS be under adult supervision.
- It is strongly recommended that beginners take lessons.
- ALWAYS inspect your equipment for signs of wear and tear each time before use, particularly all lines, canopy, bladders, screws and fittings.
- If ANY products are found to show signs of wear & tear, STOP using the product immediately and repair or replace before further use. If in doubt about any signs of wear & tear, please contact your local vendor. Contact details are available from www.cabrinhakites.com
- NEVER place yourself in a situation where breakage of any one of the various kiteboarding components would pose a risk to yourself or others, or make it difficult to return to the shore securely & unassisted.
- Make sure you use properly designed and manufactured parts from reputable suppliers.
- Take time to study the conditions including sea state, tides, currents, weather conditions and forecasts before you decide to go sailing. Beware of sailing in offshore, onshore, variable or strong winds.
- Familiarize yourself with any new location before venturing onto the water. Ask the locals to tell you about any hazards.
- Watch out for other beach users, especially swimmers and small children. Make sure you keep your board and rig under control at all times and that they don't get blown about on the beach or in the water.
- Always use appropriate protective gear and flotation devices. Wear the correct protective clothing for the conditions such as a wetsuit or a UV top.
- We STRONGLY recommend wearing a kiteboarding specific helmet
- Make sure someone knows where you've gone & when you are expected back – always sail with a buddy.
- Be aware of the conditions as they change. ALWAYS return to the beach if there is a significant change in the conditions. i.e. wind dropping or wind & waves increasing.
- As you learn the sport, work within your own limitations and do NOT exceed them.
- Do NOT alter, modify or change this product.
- This product is designed and manufactured only for kiteboarding on water or snow.
- Keep these warnings, cautions and instructions for future reference.
- The following contains key security points to remember when operating your Cabrinha kite, and associated kiteboarding equipment on water, land or snow.

TWIN TIP BOARD ACCESSORY INSTALLATION GUIDE

INVENTORY LIST

- (1) Board handle
- (4) Twin tip specific fins
- (10) M6x16mm mounting screws
- (4) Dogbone washers

TOOLS NEEDED

P3 Screwdriver

NOTE: Do not use power tools to assemble your board. You will run the risk of cross threading the inserts. Doing so will void your warranty.

BEFORE GETTING STARTED

- Remove all contents from the accessory package. Identify each item from the inventory list above.
- Screws are located in the internal pocket of the packing bag.
- Check each insert in the board.
- Carefully thread a handle mounting screw into each insert to be sure it threads easily and the threads are clear of any debris.
- Carefully thread a fin mounting screw into each fin hole to be sure it threads easily and the threads are clear of any debris.

HANDLE MOUNTING

1. Align the handle to the correct alignment so the insert is clearly visible.
2. Put the screw in place and tighten. Some downward force needed.

FIN MOUNTING

1. Identify the correct orientation of each fin by having the short, pointy side facing toward the center of the board and the taller, rounded side facing toward the tip of the board.
2. Align the fin until you can see the fin holes through the screw holes near the board's tips.
3. Place the dogbone washers on the board.
4. Put the screws in place and tighten.
5. Repeat these steps for each of the other 3 fins.

SURF BOARD ACCESSORY INSTALLATION GUIDE

INVENTORY LIST

- (4) Surf Fins (3 for Spade and X:Breed)
- (1) Fin Key

Surf Front Pad sold separately.

TOOLS NEEDED

Fin Key (supplied)

NOTE: Do not use power tools to assemble your board. You will run the risk of cross threading or stripping the inserts. Doing so will void your warranty.

BEFORE GETTING STARTED

- Remove all contents from the accessory packaging attached to the board. Identify each item from the inventory list above.
- Check each insert in the board.

FIN MOUNTING

1. Identify the fin pack and the board you have. 3 and 4 finbox boards will have matching number of fins.
2. Identify the correct orientation of each fin. (Side fins have the rounded side of the foil, facing out towards the rail)
3. Using the provided fin key, un-tighten the fin screws on the bottom of the board (situated at the side of the box). Do this until you can see that there is clearance for the fin to enter the fin box.
4. Insert the fin. Tighten the screws finger tight. Please be aware of overtightening the screws.

TO GIVE YOUR BOARD A LONG LIFE

TWIN TIP CARE AND MAINTENANCE

- Use Recommended Cabrinha fins, foot straps and Accessories.
- Tighten the foot strap and fin screws firmly. Do not over tighten.
- The foot strap and fin screws are subject to extreme loads and forces, and should be checked regularly if still tight.
- Regularly check your board for holes, coming from any damage.
- In case you find any damage make sure these are sealed and fixed properly before further use.
- Store your Cabrinha board in a board bag to prevent unnecessary sun exposure, scratches and other wear and tear while the board is not in use.
- While this Cabrinha board has been built tough, it's not indestructible. Damage caused by use on Kickers, Sliders, Objects is not coverable by warranty.

SURF RANGE CARE AND MAINTENANCE

This Cabrinha Surfboard is a light weight, high performance product designed for kitesurfing and surfing in and around waves.

The surfboard is NOT intended for sent jumps such as kiteloops, etc. Under normal use, the board will dent under the feet. Like any light weight, high performance surfboard of this type, breakage is possible on hard landings. Direct impact of a large wave can break the board. Direct impact with a hard object such as a rock or reef can damage the board.
