2023 Retail Seed Packet Order Form

175 West 2700 South
Salt Lake City, Utah 84115
ph: 510/595-1188 fx: 510/595-1860
seeds@kitazawaseed.com kitazawaseed.com
©2023 Kitazawa Seed Company

To Our Valued Retail Customers:

2022 was a year filled with big changes for Kitazawa Seed Company, and we wanted to give you a few of the highlights, along with a preview of what is coming in 2023.

Above all, we want to thank you for your continued loyalty and support of Kitazawa Seed Company. We value you as a customer and appreciate your continued patronage. We take seriously our partnership in spreading the joy of growing with gardeners and farmers everywhere. We understand that the transition of Kitazawa Seed Company ownership has been an adjustment, and we have carefully listened to your helpful feedback. As a result, we have revamped this order form to make it easier than ever before to place your order.

When True Leaf Market joined forces with Kitazawa Seed Company last year, there were some obvious benefits and immediate opportunities to existing Kitazawa customers. One benefit is that we are now able to offer more seed varieties than ever before, with new products added quarterly. Look through our website to see the new additions.

Along with the benefits, we realize there have been some growing pains and frustrations as well. One challenge to existing customers like you is a change in paper packet packaging. You will notice that some seed varieties you are accustomed to seeing as Kitazawa are now in True Leaf Market generic packaging, and vice versa.

To remove confusion, every paper packet in this catalog is seed rack, retail ready with traditional Kitazawa packaging. This includes over 100 new varieties that were recently added and never before available.

Seeds not found on this order form are still available for purchase on our website, but they will be found in True Leaf Market generic packaging. Remember, if a seed variety is not on this order form, it will not have traditional Kitazawa Seed Company packaging. Generic packets work for home gardeners, although they are not ideal for retail stores because they do not have the variety and name on the front.

If you have any questions regarding this form or how to place an order, please don't hesitate to reach out to us. We are here to help! We want to make your life easier, not harder, and we hope by streamlining our seed packaging and outlining what is included in this order form, we can assist you as you select which seeds will be best for your store. Thank you again for being a valued customer. We look forward to growing together.

Sincerely,

Kitazawa Seed Company

Safe Seed Pledge — We pledge that we do not knowingly buy, sell or trade genetically engineered seeds or plants.

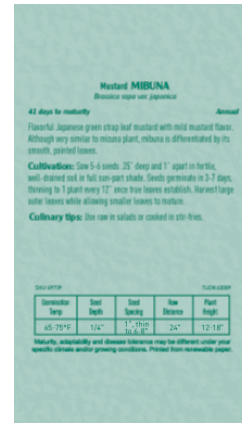

Agriculture and seeds provide the basis upon which our lives depend. We must protect this foundation as a safe and genetically stable source for future generations. For the benefit of all farmers, gardeners and consumers

who want an alternative, The mechanical transfer of genetic material outside of natural reproductive methods and between genera, families or kingdoms, poses great biological risks as well as economic, political, and cultural threats. We feel that genetically engineered varieties have been insufficiently tested prior to public

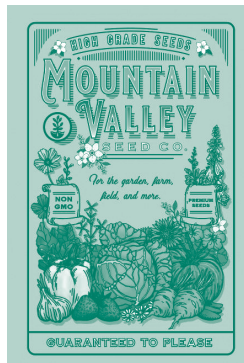

release. More research and testing is necessary to further assess the potential risks of genetically engineered seeds. Further, we wish to support agricultural progress that leads to healthier soils, genetically diverse agricultural ecosystems and ultimately healthy people and communities.

Ordering:

All seed packets in this form will arrive in a 3.125" x 5.5" custom variety paper packet with Kitazawa branding and the name and picture on the front. The back will include planting directions and culinary tips in this format.

Seed packets not included in this form may arrive in generic packaging not intended for retail. Like this example. They do not have the variety name or a picture on the front. They do have planting directions on the back. These packets may be Kitazawa brand or one of our partner brands such as Mountain Valley Seed Company.

When placing an order for your retail store, our team will check every packet to ensure it meets the standards outlined here.

Minimum Quantity: 5 Packets Per Variety

Pricing:

25 packets or less = \$3.99/packet + Shipping

26 packets or more = \$2.75/packet + Shipping

Ways to Order:

By Phone: 510-595-1188

By Email: seeds@kitazawaseed.com

By Mail:

175 West 2700 S

Salt Lake City, Utah 84115

By Fax: 510-595-1860

Send a pdf or photo attachment of your completed order form. Or send in the body of an email including the quantity, variety name, and sku.

Payment: Once we receive your order and confirm availability and details, we will reach out to you directly for payment.

Due to changes in crop success and growing season, some varieties may be out of stock. If so, our team will recommend a similar substitution prior to shipment.

Thank you for your interest in Kitazawa Seeds as your source for Asian vegetable seeds!

BULK SEED DISCOUNT PURCHASING

We will provide a bulk seed price quote for any vegetable variety we offer in the catalog and website. Our website has an expanded vegetable list to select from. There may be minimum purchasing requirements. Are you looking for a particular vegetable or variety? Ask us, we may be able to obtain it from our producers in the US or abroad. Special orders may have minimum purchasing requirements.

ORDER PROCESSING AND SHIPPING INFORMATION

We do our best to process orders as quickly as possible. Most orders placed online will ship within 2 days, however some customers may experience delivery delays. All of the major delivery services including USPS, UPS, and FedEx are operating with slower delivery times due to COVID-19 measures. Please plan accordingly when placing your order and allow extra time for shipping. Check our website for up to date information. Please email us seeds@kitazawaseed.com with any special shipping requirements.

PRIVACY POLICY

All customer information is confidential and never sold or shared.

OUR GUARANTEE

We select our seed varieties from highly regarded seed growers and producers from all over the world. Our guarantee is to offer top quality seeds and ample quantities per packet. All seed is tested for purity, germination and vigor before offered for sale. **We do not sell genetically modified seed.**

Please review your order promptly upon receipt and notify us within a week if we have made a processing error. We will correct our error and guarantee customer satisfaction. We are not responsible for any seed/crop loss due to improper storage conditions, weather/climate conditions, or improper planting. Maturity, adaptability and disease tolerance may vary under different conditions. Our liability is limited in amount to the purchase price of the seeds and shall not be liable for any consequential or incidental damages.

NOTICE TO BUYER

We warrant that seeds sold have been labeled as required under state and federal seed laws and they conform to the label description. We make no other or further warranty, expressed or implied. No liability hereunder shall be asserted unless the buyer or user reports to the warrantor within a reasonable period after discovery (not to exceed 30 days) any conditions that might lead to a complaint. Our liability on this warranty is limited in amount to the purchase price of the seeds.
