**Awaken  
your best.**

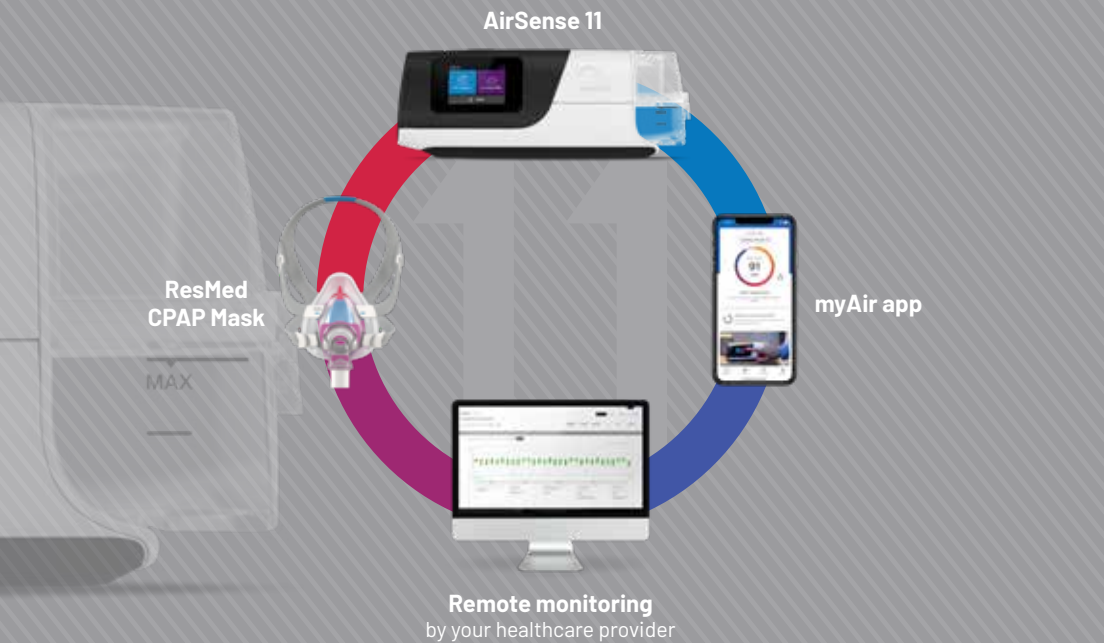

# Choose AirSense 11

Like no other CPAP device we've ever made, AirSense 11 introduces a raft of new technologies dedicated to simplify setup and prioritise your sleep health. No matter whether you're a new or an experienced user, we're confident AirSense 11 can help you awaken your best each and every morning.

## Discover ResMed Air Solutions

When you choose AirSense 11, you're choosing more than a CPAP device, you're benefitting from an entire sleep therapy ecosystem. ResMed Air Solutions includes your AirSense 11 device, ResMed CPAP masks, and our connected care digital offerings that work seamlessly together to deliver a bespoke therapy experience that's optimised and tailored to you.

# Designed for the modern day user

Built upon the success of its predecessor, ResMed AirSense™ 11 combines our most proven algorithms<sup>1-3</sup> and features with the best **digital technologies** we have available.

**Smart, sleek and stylish**, AirSense 11 is not only designed to deliver quality CPAP therapy but also complements any bedroom and supports you in feeling more confident about your therapy.

## Features that all make sense

AirSense 11 boasts a mix of features designed to help you start therapy smoothly and stick with it long term. One of the biggest enhancements you'll find is how well it integrates with myAir™ to provide you the guidance and personalised support you need.

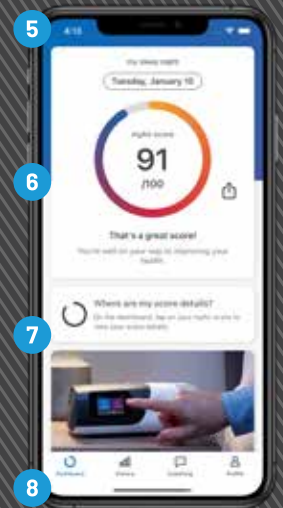

- 1. User-friendly touchscreen** makes it easy for you to adjust and navigate settings.
- 2. Integrated heated humidifier** with Climate Control Auto<sup>®</sup> helps maintain a comfortable temperature and humidity while preventing condensation.
- 3. Bluetooth® connectivity** for myAir app pairing.

## It doesn't stop there...

Getting started and staying on therapy can be challenging, but not when there are new digital technologies to guide you.

- 4. Built-in cellular technology\*** enables secure and automated data transfer into myAir.
- 5. myAir** allows you to track your sleep therapy progress and keeps you motivated with personalised support.<sup>††</sup>
- 6. Personal Therapy Assistant** provides voice-guided videos to support you when you're setting up your equipment.
- 7. Test Drive** is an interactive tool to help you acclimatise to the device and ease into therapy with confidence.
- 8. Care Check-In** is a simple coaching program designed to help you feel supported.

# The latest technology – always

Just like your smartphone, AirSense 11 uses built-in cellular technology\* to receive over-the-air updates, so you can always have the latest features loaded onto your device automatically.

AirSense 11 also brings together our best comfort features, including HumidAir™ 11 - our heated humidifier, AutoRamp™ with sleep onset detection and Expiratory Pressure Relief (EPR™) helping you achieve comfortable therapy all night long.

## MONEY BACK GUARANTEE

We're so sure you'll love our AirSense 11 device that we're offering a 30-day money back guarantee if you're not completely satisfied.\*\*

\*Cellular connectivity depends on network availability.  
\*\*Terms and conditions apply. See in store for details.

‡ Climate Control Auto is only available when both the HumidAir 11 tub and ClimateLineAir™ 11 are attached.

†myAir requires cellular connectivity.
