

A LITTLE ABOUT US...

Our property 'Rich Glen' came about when Franc & Marija Vodusek purchased Rich Fields in 1982 & then the adjoining property Glen Loft in 1984.

36,000 olive trees were planted on 300 acres by Franc & his son Daimien in 1997, with Olive varieties including Kalamata, Frantio, Corrigiola, Nevadillo Blanco, Manzanillo & Green Queens.

Despite our passion for producing a superior EVOO, cheap imports were dominating the market so we decided to 'value add' & this is where our farmgate store was born.

A state of the art processing facility was built in 2001 enabling us to harvest & press the olives within hours thus producing one of the freshest & finest 'first cold pressed extra virgin' Australian olive oils on the market.

We make in excess of 150 products in our factory here on our farm, & employ about 35 passionate people who help us in every aspect of our business as we continue to grow our vision year after year.

For five years we conducted our sales out of one of our children's bedrooms, so in 2013 with the growth of our business the decision was made to move out of our historic family home to renovate what is now the 'Farmgate Store', & this is where our whirlwind of a journey began....& continues to evolve today.

We love what we do, we hope to keep coming up with new ideas & products so that your experience is one to come back for time & time again.

Daimien, Ros & Family

Have you experienced our Beauty Room with over 60 natural body products?

Hamper wrapping for any purchase is provided free of charge all year round.

FLAVOUR YOUR LIFE WITH RICH GLEN EXTRA VIRGIN OLIVE OIL

Extra Virgin Olive Oil (EVOO) is simply the 'juice' freshly squeezed from the olive, totally natural & super healthy.

'Cold pressed' means the extracted oil has not exceeded 32 degrees during processing.

Our EVOO is full of essential vitamins & high in antioxidants. Assists with arthritis, diabetes, heart disease, fatty liver & certain cancers. EVOO is predominately monounsaturated fat helping to lower cholesterol & high blood pressure.

Consume 2-3 tbls every day, for anti-aging, healthy bones & great skin. It's as easy as drizzling on your toast, splashing over your salads & steamed vegetables!

47% of imported olive oils are second pressings using harsh chemicals to extract more oil.

Rich Glen Olive Estate doesn't do this!

We guarantee you are buying the 'real deal'.

Rich Glen 500ml bottle of Signature EVOO has around 700 squeezed olives in it!!! The percentage of oil extracted out of olives is around 18-22%, skin & stone around 35% & the rest is water.

Our EVOO has a very high smoke point (210°C) so it is great for cooking, frying & baking.

Our 'signature' EVOO is a mix of three olive varieties: Frantio, Manzanillo & Kalamata.
