## **AGA Toner Transfer**

**Hybrid transfers with laser and screenprint**  
high quality • simple • robust • affordable • low investment

**AGA Color Solutions is proud to present the most simple and affordable hybrid toner transfer system yet. ATT allows you to combine toner transfer techniques with traditional screenprinting for high quality transfers.**

First, you will need to print a full color image in CMYK on transfer foil using the laser printer. Next, a layer of white ink will be screenprinted onto the image, followed by transfer powder. Adding our Magic Toner Transfer Additive will ensure that the toner adheres to the ink, so your full color image will last!

The ATT system is compatible with plastisol, water-based and solvent-based inks. We recommend plastisol or FREE inks for ease of use. We would gladly answer any of your questions regarding the ATT system, so contact us. You may even wish to enter our workshop for a comprehensive explanation.

## **Prices**

**June 2019 • price changes and text errors reserved • excl. VAT**

### **ATT Printers**

ATT C532dn 1200 dpi CMYK laser printer includes adapted paper tray	A4 <sup>ATT</sup>	€495.00
ATT C843dn 1200 dpi CMYK laser printer includes adapted paper tray	A3 <sup>ATT</sup>	€1,495.00
ATT PRO8432WT 1200 dpi CMYW/K laser printer additional costs for black option includes adapted paper tray	A3 <sup>ATT</sup>	€4,250.00 +€250.00
ATT PRO9541WT 1200 dpi CMYKW laser printer (soon!) includes adapted paper tray	A3 <sup>ATT</sup>	€12,500.00 subject to change
ATT RIP software (coming soon)	license/dongle	€395.00
Workshop/instruction at AGA Color Solutions	half a day	€350.00
Workshop/instruction on location	half a day	on request
Adapting other (white) toner printer models		on request
Possibilities to adapt A3+ printers		on request

### **ATT Consumables**

DHF0801	ATT Laser transfer foil EMV for C532dn	A4 <sup>ATT</sup> - 100 sheets	€44.00
DHF0802	ATT Laser transfer foil EMV for C843dn	A3 <sup>ATT</sup> - 100 sheets	€80.00
DHF0803	ATT Laser transfer foil TMC A3+	32x46 cm - 200 sheets	€158.00
AGATT6066L1	AGA Magic toner transfer additive	1 L	€53.25

## Recommended inks and hot melts

5% AGA Magic Toner additive must be added to the inks.

### Plastisol-based

Transferring temperature 140°C - 15 sec.  
Washing fastness to 60°C

Inks				price/kg
MA165884K005000	Manoukian Super Bright White	White	5 kg	€11.45
MA167851K005000	Texiplast GT Transparent*	Transparent	5 kg	€9.25
MA165866K005000	Texiplast No-Bleeding Gray*	Sublimation blocker	5 kg	€13.05
MA167874K005000	Texiplast Transfer Transparent PF*	Transparent print-able adhesive	5 kg	€15.60
<b>Hot melt powder</b> depending on textile and desired transferring temperature				price/kg
VXGPU38K2.5	Hot melt GPU 38 132/60		2.5 kg	€46.75

### PVC-based as easy to use as regular plastisol

Transferring temperature 140°C - 15 sec.  
Washing fastness to 60°C

Inks				price/kg
MA170212K005000	FREE Mixing White	White	5 kg	€18.10
MA170214K005000	FREE Transparent*	Transparent	5 kg	€22.65
MA170215K005000	FREE Anti-Bleeding Gray*	Sublimation blocker	5 kg	€19.15
<b>Hot melt powder</b> depending on textile and desired transferring temperature				price/kg
VXGPU38K2.5	Hot melt GPU 38 132/60		2.5 kg	€46.75

### Water-based

Transferring temperature 140°C - 15 sec.  
Washing fastness > 60°C

Inks				price/kg
MA167029K005000	Texilac E-LF Extra White	White	5 kg	€11.45
MA167001K005000	Texilac Trasparente Lucido*	Transparent	5 kg	€9.25
MA996296K005000	Texpri 29-25 Anti-Bleeding Gray*	Sublimation blocker	5 kg	€13.05
MA167181K005000	Texiflock E-FF*	Transparent printable adhesive	5 kg	€14.65
MA167185K005000	Texiflock AR*	Transparent printable adhesive	5 kg	€16.00
<b>Hot melt powder</b> depending on textile and desired transferring temperature				price/kg
VXGPU38K2.5	Hot melt GPU 38 132/60		2.5 kg	€46.75

### Solvent-based (low temperature for e.g. softshells, umbrellas and polypropylene)

Replace the AGA Magic Toner additive with 10% Hardener 2 when using urethane inks

Transferring temperature 65°C - 15 sec.  
Washing fastness 40°C

Inks and hardener				price/L
VX2501EOL1	Visprox Urethane White EO	White	1 L	€67.30
VX2549L1	Visprox Urethane Clear*	Transparent	1 L	€48.90
VXHR2L0.1	Visprox Hardener 2		100 mL	€125.00
<b>Hot melt powder</b> depending on textile and desired transferring temperature				prijs/kg
VXGPO36K2.5	Hot melt GPU 36-82 60/40		2.5 kg	€42.00
