

# VALIANT

## USB STRING LIGHTS

FIR586

Before you enjoy the benefits of your Valiant USB String Lights, please take a few moments to read our advice and instructions below.

### CONTENTS

---

25 x LED lamps with clear plastic bulbs fitted to a 12.5 metre PVC cable including 5 metre lead for easy reach to a USB port or power supply

3 x spare clear screw in bulbs

3 x spare push fit LED lamps

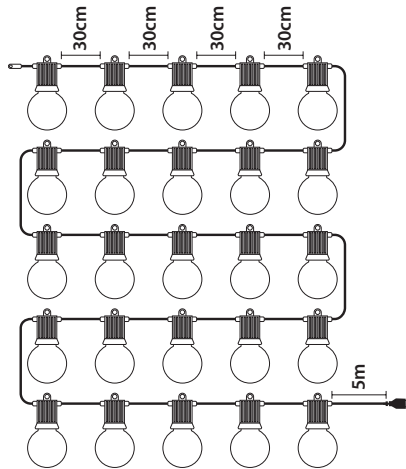

### INSTALLING YOUR LIGHTS

---

Position the string lights securely in the desired location.

Ensure the bulbs hang downwards so that water drips off the bulb, each fitting hung by a cable tie, screw etc from the built in hanging loop.

Ensure the bulbs cannot knock against hard surfaces or each other.

Connect to any USB supply - phone charger, Laptop, wall socket, powerbank etc capable of supplying at least 1A – the lights should now illuminate.

The supply lead can be extended by a further 3m using a USB extension lead (not included), the brightness may reduce when using longer leads.

### IMPORTANT SAFETY INFORMATION

---

The bulbs supplied are suitable for 5v DC only.

Ensure the product is unplugged from power before replacing the bulbs.

Ensure power is switched off when lights are not in use.

Do not hang items from the cable as this may damage electrical connections and become hazardous.

The light string is rain and splash proof but do not immerse the lights or wire in water.

Do not use if wire or bulbs become damaged.

### PROBLEM SOLVING

---

- If the goods have arrived in a damaged condition, we have included spare lamps and bulbs for replacement purposes.
- In the unlikely event that parts are missing or the products are not working as described, please contact us at the address listed below so that we may deal with your problem swiftly and minimise delays.

### REPLACING LAMPS OR CLEAR BULBS

---

- The clear bulb is purely a cover for the LED lamp, to remove simply unscrew anticlockwise, when refitting ensure it is tight enough to seal, but do not overtighten.
- To remove the LED lamp; grip

lamp between thumb and forefinger, gently wiggle side to side while pulling the lamp out. When replacing, push firmly back in place.

**IMPORTANT NOTE: The LED lamps are polarised – they only work if fitted the correct way round, switch round if replacement is not working.**

## **WARRANTY**

---

- Your Valiant USB String Lights are guaranteed for materials and workmanship for 12 months.
- This limited warranty does not cover normal wear and tear or damage caused by accident or misuse.
- Use of this product is entirely at the consumer's risk.
- This does not affect your statutory rights.

## **RETURNS**

---

- Please retain your proof of purchase. You will need to provide your receipt in any correspondence.
- If you experience a problem with your product, please contact your retailer who will be able to assist.
- Returned products will only be processed with prior verbal or

written agreement with The Accessory Outlet Ltd.

- We cannot accept costs related to damage caused to or by faulty goods.
- If goods are found to have been misused any repair costs will be passed to the customer if any repair or replacement is required.
- For technical support contact us by telephone or email (contact details are listed below).

## **DISPOSAL**

---

- All packaging materials and cardboard are recyclable – please do so.
- The crossed out wheelie bin symbol on the product means that under the WEEE regulations, all consumer and household electrical and electronic products should not be mixed with general household waste as it may contain environmentally hazardous substances. For environmentally responsible recovery, recycling and treatment of the product, contact your local authority for details of your nearest designated collection point where it will be accepted free of charge.

We reserve the right to update and amend the product design and

instructions, which are subject to change without further notification.
