## FIR556 USB Rechargeable Arc Lighter Instructions

### BEFORE USING THIS PRODUCT: PLEASE READ, UNDERSTAND AND FOLLOW THESE INSTRUCTIONS.

#### CHARGING YOUR LIGHTER

- Connect the USB to a standard USB power source.
- Connect the Micro USB Mini end of the charging cable to the USB Rechargeable Lighter.
- The LEDs will illuminate in turn to indicate that charging is taking place.
- The charging process takes between 1 and 2 hours from complete discharge to a full battery
- Once fully charged, the LED charging indicator will remain solid.
- Disconnect immediately once fully charged to prevent overheating and preserve battery life.

#### USING YOUR LIGHTER

**Your lighter will safely, quickly and effectively ignite candles, firelighters, cigarettes, paper and most other combustible materials, without the need for dangerous gas, lighter fluid or highly inflammable liquids.**

- Move the flexible lighter neck to the desired angle for use.
- Slide the safety lock into the upward

position. The LED charging indicator will display the remaining battery life.

- Press the ignition button down to produce the electronic arc at the end of the lighter.
- Place the head of the lighter so that the electric arc comes in contact with the material to be ignited.
- During ignition you may notice a high-pitched frequency or crackling noise, caused by the high voltage power generation – this is completely normal.
- Once finished, release the ignition button and slide the safety lock into the downward position.
- The lighter will provide over 500 ignitions in normal use between charges.

#### IMPORTANT SAFETY INFORMATION

**WARNING: Keep out of reach of children. Failure to follow instructions may result in burn injuries.**

- Do not touch electric spark as this produces a high voltage and becomes hot during use.
- In the unlikely event of overheating, the integrated smart chip will cut off power until the lighter has cooled.
- Holding the ignition button down for longer than 7 seconds will cause the integrated smart chip to automatically cut off power.
- Do not attempt to dismantle, pierce or burn the product.
- Do not place the product into or near water or other liquids.
- Keep away from skin, clothing and other flammable materials.
- Ensure the arc is fully extinguished after use.
- Never expose the product to prolonged direct sunlight or temperatures over 50°C, especially in cars or behind glass.
- Never put the product into a lit fire. Keep away from open flames and sparks.
- Do not leave connected to power once fully charged.
- Do not use to light flames inside a tent, or other enclosed spaces that lack sufficient ventilation.

- Do not pour flammable liquid, such as lighter fluid, spirit or petrol onto your USB Rechargeable Arc Lighter.
- Keep away from pets, children and vulnerable people.

#### CARE & MAINTENANCE

- Store in a cool and dry place, away from direct sunlight.

#### PROBLEM SOLVING

- If the goods have arrived in a damaged condition please contact your supplier.
- In the unlikely event that parts are missing or the product is not working as described, please contact us at the address listed below so that we may deal with your problem swiftly and minimise delays.

#### RETURNS

- Please retain your proof of purchase. You will need to provide this receipt and the batch number in any correspondence.
- If you experience a problem with your Valiant product, please contact your retailer who will be able to assist.
- Returned products will only be processed with prior verbal or written agreement with The Accessory Outlet Ltd.
- Valiant will not accept postage or other costs associated with returned or faulty goods.
- If goods are found to have been misused any repair costs will be passed to the customer if any repair or replacement is required.
- For technical support contact us by telephone or email (contact details are listed below).

#### DISPOSAL

Electrical equipment and batteries should never be disposed of with general household waste. They must be separately collected for proper disposal.

The  symbol on the product reminds you of the need to dispose of the product

correctly at the end of its life. Please dispose of at your local recycling centre.

#### WARRANTY

This product is guaranteed by Accessory Outlet for a period of 1 year from the date of purchase under a Limited Warranty Agreement. During this period if there is a defect due to faulty materials or workmanship, the retailer from whom you purchased it will replace it with the same or a similar model on production of your purchase receipt or proof of purchase. This guarantee does not cover defects arising from accidental damage, misuse or wear and tear, and is available only to the original purchaser of the product. This does not affect your statutory rights.
