A Product of Paumco Products, Inc  
500 Congress St W  
Maple Lake, MN 55358

Please read entire instructions before assembly and use.

## ▲WARNING▲

The Quick Spade and Quick Spade Combo is intended to be used with various operating equipment such as a utility tractor or a skid loader. Operator should know how to properly operate his/her machinery in a safe manner BEFORE using either the Quick Spade or Quick Spade Combo.

### Quick Spade Instruction

\*Before you begin you will need a length of 3/8" log chain that will be used to securely attach the spade to the main frame and a ratchet style load binder. (Chain and load binder not included with purchase.)

- 1) Adjust skid loader forks and slide both forks into the two u channel brackets on the bottom side of the quick spade. (Opposite side of decal)
- 2) Using a 3/8 (2,000 lbs or more) Log Chain. Chain unit to the main frame of forks or to face plate of quick attach. (Chain not included)
- 3) Using a standard (ratchet style) 3/8 load binder. Tighten chain to prevent unit from sliding off the forks. (Binder not included)
- 4) All extra chain to be securely fastened to prevent injury or damage.
- 5) Always call for utility location before digging.
- 6) Read all Instructions of the power unit you are using in conjunction with this Quick Spade.
- 7) Do not place excess load on spade tip.
- 8) Total load not to exceed power unit (skid steer, tractor, ECT) maximum.
