General PMs Work Orders **A**

### Mold Information

Tool Owner: Craig Industries	Asset Class: Mold	Cavitation: 8
PRO ID: CRIN	Designer: J. Jones	Starting Cycle Count: 1
Asset ID: M-IM6768-001	Design Revision: C	Last Cycle Count: 161,868
Tool Builder: Acme Mold	Asset Type: Injection Mold	Cycles Until PM: 13,132
Purchased Loc.: Chicago	Tool Type: Stripper Plate	Tonnage Required: 500.0
Location: Miami, FL	Tooling Cost: 100,000.00	Mold Weight: 9,000.0
Tool ID: T-0800	Target Efficiency: 95.0	Target Cycle Time: 35
Program Name: Raptor	Counter/Monitor S/N: QV12953	
Part No.: F-22-0098		
Part Name: Battery Case		
Customer: Craig Industries		
Custom 1: 10000		
Custom 2: 50000

The ProFile tracking system is a comprehensive solution for managing assets. The cloud-based system organizes assets and stores related documents and photos, while also logging GPS locations.

Several options of Asset Tags and Plates are offered on the following page.

- A** Different asset types require different types of data. Profile offers four asset classes (molds, dies, machines, equipment) with customizable asset types under each class. There are also several user defined fields to give users increased flexibility.
- B** Each asset page includes a filing cabinet to store critical documents associated with that asset. These documents can be easily accessed and shared by users with permissions. Users have 10GB of storage associated with their asset database.
- C** When logging in to ProFile via ProFile-System.com, the dashboard shows a breakdown of assets in the system by asset class. Clicking on any of the asset classes on the chart will drill down to the detailed listing. Also, the dashboard shows Preventive Maintenance status of assets for easy access to overdue PMs.
- D** See a complete list of all assets in one place or choose the tab for the asset class to filter by. All fields on the tool listing are sortable using the header fields.

## Mobile Functionality and GPS

Scan the QR code on the Asset Tags or Plates on your mobile device to see a summary view of the assets. To see additional data, press the details button. Every time a QR code is scanned, the GPS location is pushed to the cloud and recorded on the asset page.

## Preventive Maintenance and Work Orders

Users can create checklists and assign them to assets to view how many cycles or date assets are from requiring maintenance. To schedule maintenance or other activities, Work orders can be utilized to track unscheduled maintenance and repairs for assets.

For a demonstration or to set up an account for ProFile system access, contact Customer Service.

# PROFILE® ASSET TAGS AND PLATES

## SPECIFICATIONS: STANDARD TAGS

- Two sizes available for either ProFile or CVe Live database use.
- 8 mils thick aluminum, brushed finish.
- 3M 467 adhesive can be affixed to standard tool steel. Max temp 150°C (300°F)
- Serial number (AST prefix) is established by Progressive and aligns to customer-specific asset identification within ProFile-System.com.
- Small versions fit on CounterViews. Refer to page F-6.
- Minimum order quantity is 25 tags of any type and must be purchased in increments of 25.
- ProFile account required and established at time of purchase.

CATALOG NUMBER	SIZE	DESCRIPTION
AMTG-S24	4" x 2"	ProFile Asset Tag-Large
CVTG-S24	4" x 2"	CVe Live Asset Tag-Large
AMTG-S15	1.25" x .5"	ProFile Asset Tag-Small
CVTG-S15	1.25" x .5"	CVe Live Asset Tag-Small

## SPECIFICATIONS: STANDARD PLATES

- Size: 4" x 2"
- 20 mils thick aluminum
- Provides heat resistance for assets up to 315°C (600°F).
- Bolts to mold base/asset with included button head cap screws.
- Minimum order quantity is 25 plates and must be purchased in increments of 25.
- ProFile account required and established at time of purchase.

CATALOG NUMBER	SIZE	DESCRIPTION
AMTG-P24	4" x 2"	ProFile Asset Plate
CVTG-P24	4" x 2"	CVe Live Asset Plate

## CUSTOM TAG & PLATE ORDERING INFORMATION

- Specifications are same as standard Tags and Plates, shown above.
- Layout is as shown in the options below, but the color can be selected to match your company's logos. All custom Tags/Plates include the QR code and unique serial number. Additional text is optional with the locations shown below for the larger Tags and Plates.
- Minimum order quantity = 50 for 4x2" Plates and Tags; 100 for the 1.25 x .5" tags.
- Contact customer service for full specifications and file format requirements.
- Delivery for initial order is 3 weeks, including proof time.
