# 3-in-1 USB-C Cable

Full-Speed Charging Via Lightning  
Safely Power-Up Triple Devices

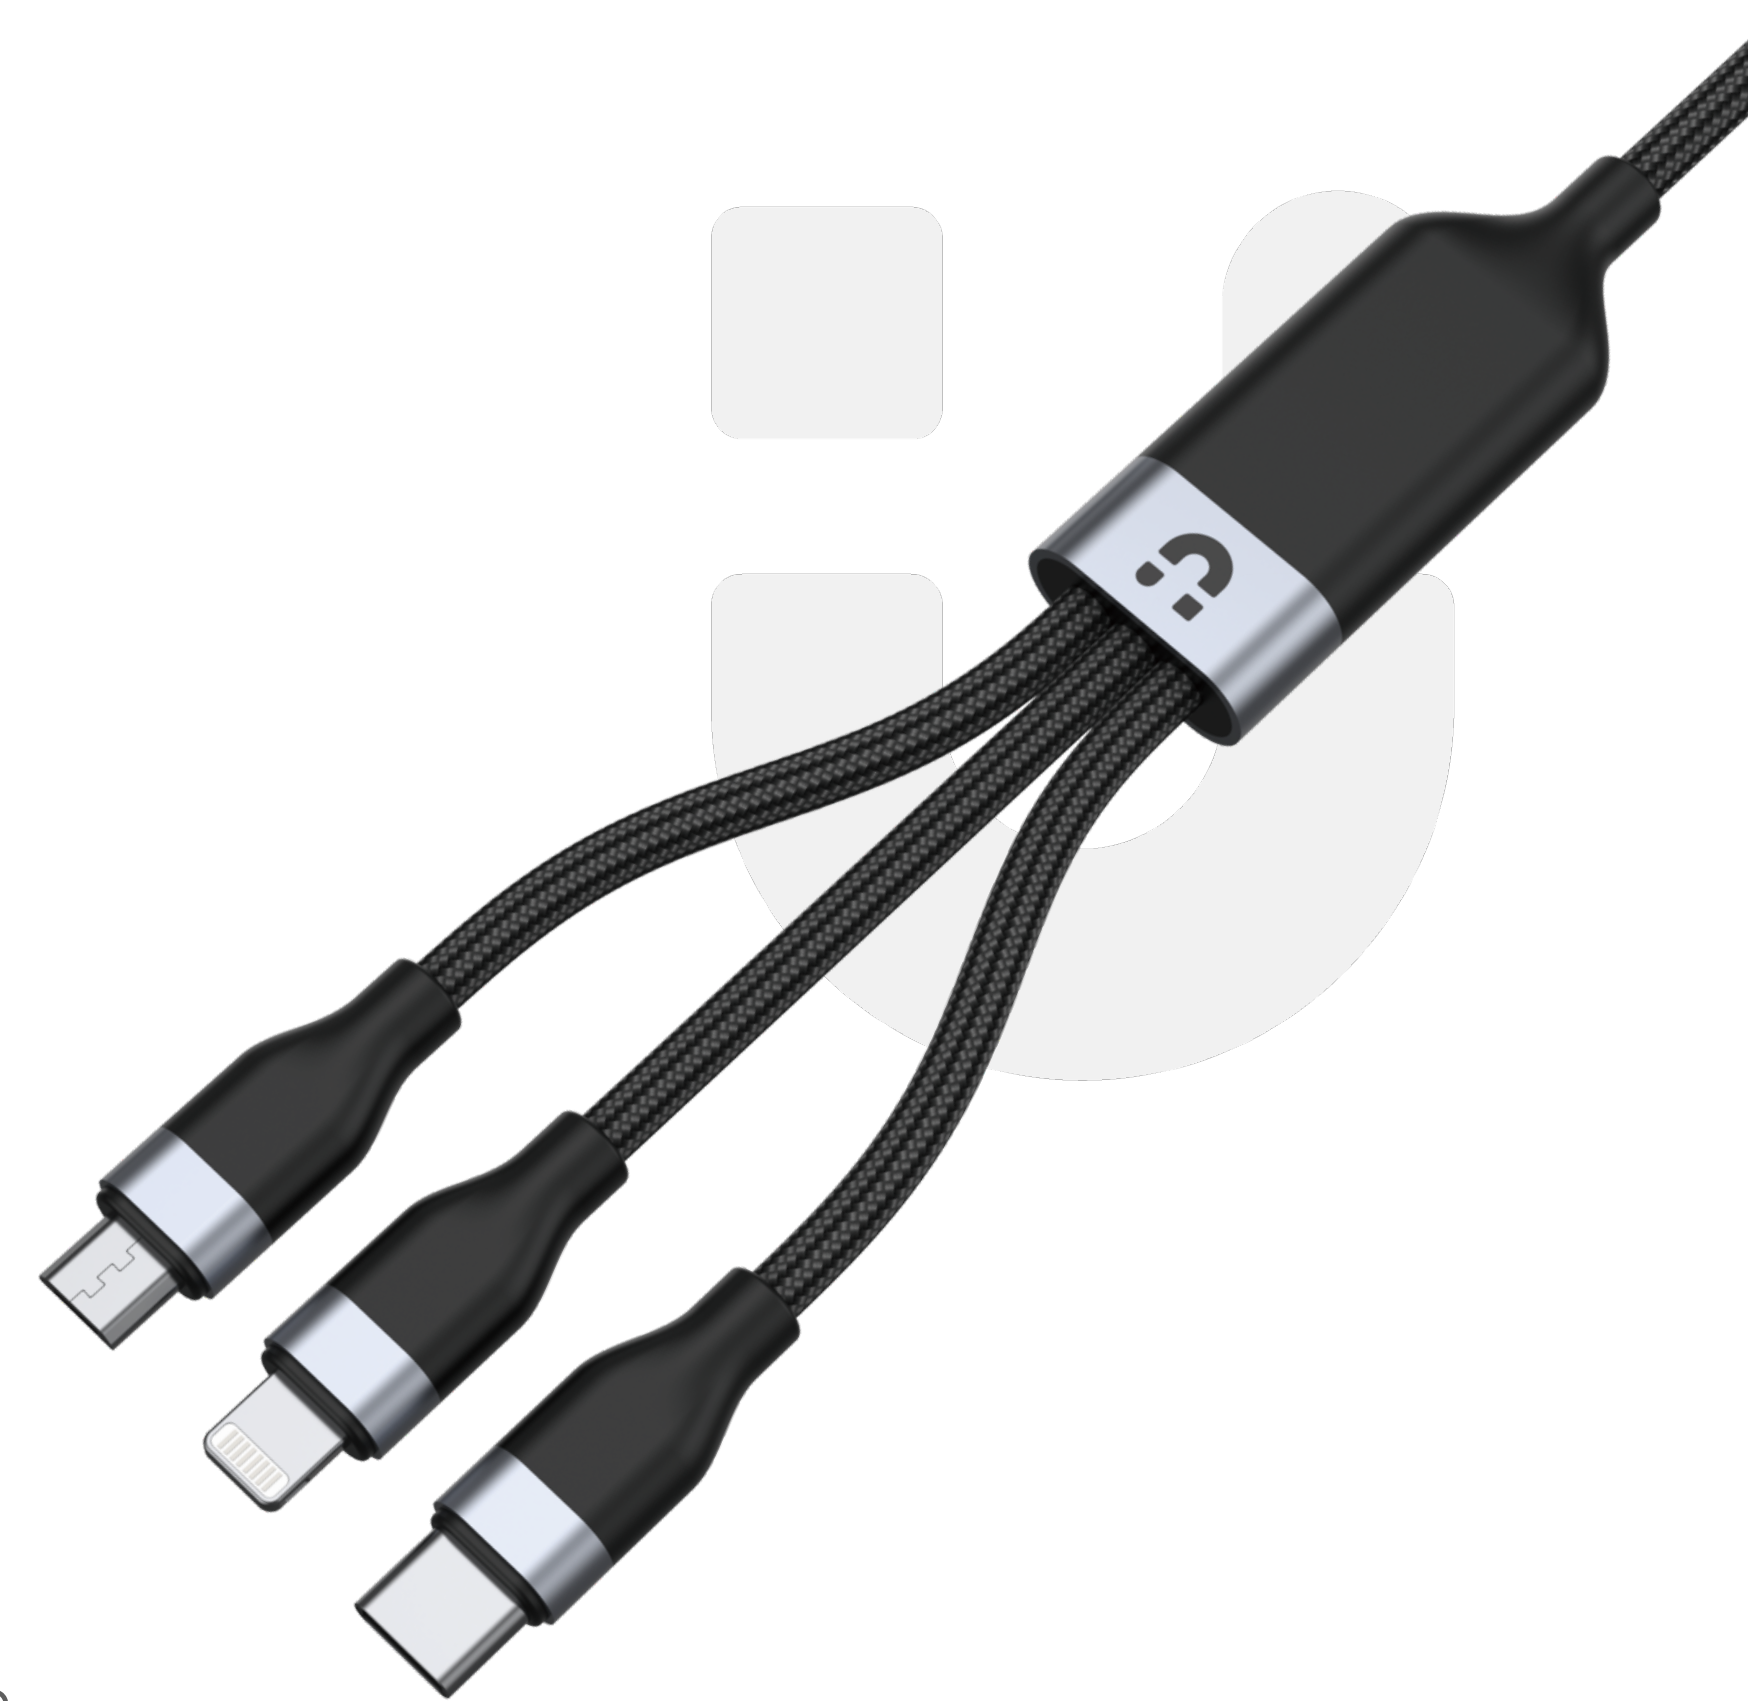

Model: C14101BK-1.5M

## Products Features:

- Lightning connector offers USB PD up to 20W plus data-sync. Fully compatible with the latest iPhone.
- USB-C connector offers fast-charging up to 15W 5V3A.
- Micro USB connector offers the charging up to 10W 5V2A.
- Power will be limited during multi-devices charging due to safety considerations, up to 5V3.5A. In this case, Lightning will reserve 5V2.3A and the remaining will be distributed to other 2 connectors.
- Tinned copper conductors with the braided jacket and multi-layer shielding for great durability.
- Airflow design aluminium exterior connectors give an excellent finishing.
