uHUB Q4 Lite

USB-C to 4K HDMI & Full HD VGA
With USB-C PD 100W & USB-A Port

Model: D1049A

Products Features:

- Support HDMI with Ultra-HD (UHD) 4K@60Hz and VGA with Full HD 1080P@60Hz.
- Support Multi-Stream Transport (MST), to display the video signal from your PC to the other two monitors at 1080P. Windows OS is able to turn on the Screen Mirroring and Extend on the external monitors. MacOS does not support MST. A single extra desktop can be displayed on the external monitor, up to two devices.
- With the USB-C Power Delivery (USB PD) port, supporting maximum 100W/20V5A charging to your upstream computer including MacBook Pro 2019. USB PD power actual output depends on your power adapter. 85W power output for 96W power adapter; 76W output for 87W adapter.
- With a USB-A port, USB2.0 specification at 480Mbps data transfer rate.
- This adapter is compatible with the PC equipped with Thunderbolt 3 port or USB-C port that supports data transfer function and DisplayPort Alt Mode (DP Alt Mode).
- With aluminium housing, durable and elegant.
- Plug and play, no driver required.

Package Content

- 1 x USB to Gigabit Ethernet Adapter
- 1 x User Manual
