

18.4" Titan Checkpoint Friendly Laptop Backpack

EKP120

This bag is constructed using high-quality materials that offer your expensive equipment ample protection. The Titan stores laptops up to 18.4" in a softly padded, felt-lined compartment that opens a full 180 degrees for easy access at airport security checkpoints. The Titan is comfortable to wear, with soft padding and deep airflow channels that work to improve circulation. Its 5-point balance strap system and fully adjustable chest strap help maintain balance. The Titan comes with a removable accessories pouch and a water-resistant weather cover.
