For Plus (Yellow)
Part no. CFCAPY

FERRET LITE FRONT HOOK & LOCKING ADAPTOR

Part no. CFLITEH1
Suits - Ferret Lite

Attach the turn and click front hook to the Ferret Lite to pull back a light duty cable.

The locking ring slides on from the rear of the camera for extra security.

Suits Ferret Lite

SHORT ROD, HOOK AND MAGNET BUNDLE

Part no. CFRHMA
Suits - Ferret Pro & Plus

Connect the 6" (150mm) rod to the front of the camera and use the hook or magnet to pull back a cable or retrieve a metallic object.

Suits Ferret Pro & Plus

FERRET LITE FRONT MAGNET

Part no. CFLITEM1
Suits - Ferret Lite

Attach the turn and click front magnet to the Ferret Lite to retrieve a metallic object.

Suits Ferret Lite

GOOSENECK

Part no. CFGN150A
Suits - All models

The 6" (15cm) flexible steel gooseneck gives an easy adjustment to the camera's angle.

Perfect for use with the Ferret Stick or a glow rod/fish stick.

Suits all models

Note: Any of our distribution partners are welcome to sell any spare parts to both Ferret owners and non Ferret owners. It needs to be noted however with a ¼" - 20UNC thread it is not compatible with the majority of US glow rod threads (which are 8-32 threads) so unless used with a Ferret camera and the adaptors that come with the Ferret, they may have limited functionality.
