"Gobi" Roof Rack Systems

After having installed every rack system, we can finally look eye-to-eye with a rack system builder. The whole set up is modular, makes no squeaking noise and is super solid. All components mount to existing factory mounting spots. We sell the "Stealth" rack because of its lower profile. We also think that smaller LED lights will take the space of big lights. Either way, if you are serious about a rack, here is the best. Gobi is the AEV of rack systems. 300 lbs. load capacity. No drilling required.

Application	Part No.	Price
07-17 Wrangler 4-Door	GO GJKSTL4	\$1,595.00
07-17 Wrangler 2-Door	GO GJKSTL2	\$1,595.00
04-06 Wrangler LJ	GO GJTJSTL-UN	\$1,595.00
97-06 Wrangler TJ	GO GJTJSTL	\$1,595.00

Kargo Master Congo Pro Rack

The Kargo Master Congo Pro Rack is constructed primarily of heavy duty 2" diameter x .120" thick steel tubing. Kits include roof rails, front "A" frame hoop, rear hoop and works with all soft tops and hardtops*. The Congo Pro Rack "A" Frame Hoop is the perfect place to mount an overhead light bar up to 42". The heavy duty CNC machined steel clamps provide a quick and sturdy assembly. The Congo Pro cage system cleverly attaches to the JK with no drilling or modifications. Congo Pro Racks provide the necessary mounts for other KM pro accessories. The low profile design optimizes clearance for garages and provides a sleek overall appearance. The Congo Pro Racks and accessories feature a marine-grade black powder coat finish that is formulated to resist corrosion and abrasion. It's the most durable finish in the industry and will resist fading and dulling. Rack configurations have a 300 lb. travel capacity rating. The 2 and 4 door racks have static weight capacities of 500 lbs. and 850 lbs. respectively. Comes with a limited lifetime warranty. ***KM Congo Pro Racks do not allow the soft top to be raised or lowered.**

KARGO MASTER

Kargo Platforms & Kargo Rails

The Mod-Rak Stealth Platform allows for a flush mount in between the Rails of your Congo Pro Rack. Integrated aluminum t-slot frame sections provide optimal load securing and mounting points. Sectioned aluminum panels are bolted together and feature aircraft-grade aluminum cross framing and side rails. The Mod-Rak EXP Platform mounts on top of your Congo Pro Rack allowing for additional storage space and the installation Kargo K-Rails. The superior strength handles up to with 500 lbs. of stationary load capacity that's ideal for roof top tenting and has a 300 lb. travel load rating. The no-drill installation mounts directly to Congo Pro Roof Rails. K-Rails provide additional load containment and double as sturdy grab rails.

AEV Roof Rack & Rail System

The Jeep® JK has proven itself to be an exceptional platform for overland travel, but like most stock 4WD vehicles it lacks the kind of roof-top storage that is so essential on extended trips. AEV recognized this and partnered with Rhino Rack to develop a strong, lightweight and extremely functional roof rack system for the Jeep® JK. The system is also clean and stylish-looking and because all visible surfaces feature AEV's black textured powder coat finish, it perfectly complements your other AEV accessories. Designed to mount through your hard top and can be also mounted directly to the roll bar brackets while not using a hard top or soft top. Drilling of hard top is necessary.

	07-17 Wrangler 4-Door	Part No.	Price
01	Roof Rack	AEV 10307010AA	\$1,050.00
02	Rail System	AEV 10307020AA	\$ 315.00

01 Roof Rack**02** Rail System**Thule Gutter Foot Pack 300**

Provides 5" of clearance above rain gutter. Perfect and secure fit even on very narrow gutters. Designed with vibration-damping, anti-slip vinyl coating. Galvanized stamped steel construction with black polyester powder paint. One Key System-Can be locked with four lock cylinders. Hardtop only with rain gutter / rail.

Application	Part No.	Price
03 All Jeeps®	THU 300	\$ 200.00

Thule 58-Inch Load Bar

Heavy-Duty steel Square Bars are galvanized and plastic-coated to resist corrosion. Carries up to 165lbs of cargo. Requires Thule Square Bar foot pack.

Application	Part No.	Price
04 All Jeeps®	THU LB58	\$ 100.00

Rugged Ridge Exo-Top with integrated Roof Rack

The Exo-Top combines a roof rack and soft top. By combining them, This new top also features an innovative Sun Slider retractable function which allows the top to slide back with the release of just two latches, creating an open-top experience for owners without the hassle of getting out of the driver seat. Integrated into the 350-lb. capacity roof rack is an advanced externally suspended soft-top design that fastens using a series of Velcro straps along the perimeter bars of the roof rack. The pulling force applied by the Velcro helps to tighten and shape the soft top. Offered for both the two and four-door configurations, the Exo-Top features a patent-pending design that is a direct bolt-on application with no drilling required for installation.

05 Application	Part No.	Price
07-17 Wrangler 4-Door	OM 13516.02	\$1,375.00
07-17 Wrangler 2-Door	OM 13516.01	\$1,275.00

Rugged Ridge Spartacus Roof Rack Basket with Deflector

This roof rack basket is a great addition to the Rugged Ridge Sherpa Roof Rack or Exo-Top for a more versatile and functional experience for kayaks, bike racks, and anything else you might need for your next outdoor adventure. Strong two piece steel tray comes in a stunning black powder coated finish for corrosion resistance. The front of the tray incorporates a sleek and aerodynamic wind deflector which not only adds great styling, but makes for a much quieter ride. Universal fit. Features a 132 pound load rating.

A perfect fit for the Exo-Top Rack & the Sherpa Rack

06 Application	Part No.	Price
All Jeeps®	OM 11703.03	\$ 250.00

Rugged Ridge® Sherpa Rack

Introducing the new Sherpa Roof Rack System by Rugged Ridge® for the 2007-up Jeep® JK Wrangler. This innovative rack system is an easy bolt-on solution for 2 or 4-Door Wranglers that requires no modifications to the body of your Jeep®. The unique swing-away feature allows you to access your soft top with ease, and the hard top or freedom panels can even be removed without removing the rack system. And as an added bonus, the forward mounting bar acts as an integrated light bar, plus it accepts the Rugged Ridge® drop down light bracket OM 11232.22 to mount up to 4 lights. Don't forget to get a 4 piece set of Rack Crossbar Adapters. Part#: OM 11703.10.
