

REPLACEMENT SKINS

Bestop® Sailcloth Replacement Soft Top Skins

If you are looking to replace your soft top skin with equal to factory quality or better, the Bestop® Sailcloth or Twill Soft Top Skin is the right choice. Bestop® is the original equipment supplier for Jeep®. This top skin kit fits over your original soft top frame and replaces your worn out skin and windows. For appearance and durability, the premium twill and sailcloth fabric maintains its shape in any temperature. The fabric is mildew resistant and contains UV inhibitors. Heavy duty zippers allow for easy window installation and removal. 31% tinted and heat sealed vinyl windows meet U.S. and European regulations. 2 Year Limited Warranty.

What's Twill?

Bestop's 30 oz Twill is the most advanced and superior fabric available. In a twill weave, each weft or filling yarn floats across the warp yarns in a progression of inter-lacings to the right or left, forming a distinct diagonal line, giving the Soft Top its unique look.

17
Black
Twill

What's Sailcloth?

Sailcloth is a multi-layer acrylic woven material that resists fading, has a long life span and does not shrink or stretch out. It was the most advanced and best canvas material available until Twill was used as an upgrade option to Sail Cloth in 2013.

Make sure your Soft Top Frame looks like one of the below!

Factory Replacement Skin TWILL		
Part No.	Price	
10-17 4-Door Wrangler BES 79847-17	\$1,000.00	
10-17 2-Door Wrangler BES 79846-17	\$ 990.00	

Factory Replacement Skin SAILCLOTH		
Part No.	Price	
10-17 4-Door Wrangler BES 79147-35	\$750.00	
10-17 2-Door Wrangler BES 79146-35	\$650.00	

NOTE: Replacement Skins for earlier 07-09 models are available but we think it is better to upgrade skin and frame at the same time because of the advantages of the newer model hardware. Please look at the Supertop® NX tops.

NOTE: Bestop® Sailcloth & Twill Replace-A-Top also fit JK models with 1/2 steel doors, however the Upper Canvas Door Windows are not included in these Replacement Tops and must be ordered separately. See page 168

Bestop® Trektop™ NX

No bulky hardware is required for the installation of this unique Soft Top. The Trektop™ NX includes factory style door surrounds and features an easy flip back canopy for instant open air driving. The fabric is mildew resistant and contains UV inhibitors. Just like the OE Replacement Top and the NX Top, all windows are tinted and easily removable for Safari bikini style driving. NOTE: Should you mainly drive your Jeep on the highway, we recommend the Supertop NX over the Trektop NX. We think the Supertop NX is less noisy and more suitable for higher speeds.

TWILL	Part No.	Price
07-17 4-Door Wrangler BES 56923-17		\$1,300.00
07-17 2-Door Wrangler BES 56922-17		\$1,175.00
SAILCLOTH	Part No.	Price
07-17 4-Door Wrangler BES 56823-35		\$ 800.00
07-17 2-Door Wrangler BES 56822-35		\$ 750.00

The Trektop NX Top looks incredible and gives your Jeep® a sleek and sporty look. It is a complete top, including all necessary hardware and is an inexpensive alternative to the factory soft top. It is 3 tops in 1. Sunrider feature, full Safari Top or Complete Soft Top with windows zipped in.

Trektop NX pulled back in Sunrider fashion.

Both Quarter Windows and the Rear Window have been taken off. Quarter Windows and Rear Window are connected by zippers.

COMPLETE SOFT TOPS

Bestop® Supertop® NX

The Supertop® NX and factory soft top are almost 100% identical. This NX Top is in our opinion the best soft top that has ever been created for a Jeep®. The top kit has been engineered with advanced materials and factory original patterns. It works with cables instead of plastic flaps, featured on 2010 and newer Jeeps®. The NX top is more user friendly than older factory tops. If you have an older 07-09 JK you will love this top.

TWILL	Part No.	Price
07-17 4-Door Wrangler	BES 54823-17	\$1,500.00

Rugged Ridge® Exo-Top with integrated Roof Rack

Combines the joy of top-down driving with the utility of a roof rack. Allows Jeep owners the ability of conveniently lowering, raising or removing the soft top with ease without having to unload gear from the roof-rack cargo. By combining the soft top and roof rack. This new top also features an innovative Sun Slider retractable function which allows the top to slide back with the release of just two latches, creating an open-top experience for owners without the hassle of getting out of the driver seat. Integrated into the 350-lb. capacity roof rack is an advanced externally suspended soft-top design that fastens using a series of Velcro straps along the perimeter bars of the roof rack. The pulling force applied by the Velcro helps to tighten and shape the soft top. Offered for both the two and four-door configurations, the Exo-Top features a patent-pending design that is a direct bolt-on application with no drilling required for installation.

Bestop® Supertop® NX Soft Top

This is the best full top solution on the market. Soft top industry leader Bestop® enhanced the former factory top to a higher standard. The top fits super snug and has very cool features. The fabric is made of Sail Cloth. All tops come standard with 31% tint, Sunrider™ feature, adjustable bow connects, additional corner supports and top arch support all features older factory tops were lacking. Whether you're converting your hardtop Wrangler to a soft top or replacing your existing soft top, the NX is the finest complete soft top solution available. Kits include all soft top panels with zip out tinted windows, original factory style bow assembly, installation hardware and detailed installation instructions. The Supertop® NX kits also features original factory style door surrounds and a tailgate retainer bar. The unique flip back sunroof front section provides instant open air driving while the entire top can easily fold down onto the vehicle for the full open air experience. We call it the "Sunrider" feature. The custom quick release soft top bow knuckles allow complete top removal without the use of tools. The adjustable soft top Bow Mount Tensioning Plate and Top Arch Bar allow for adjustable tension ensuring a tight fit. The Supetop® NX Soft Top kits can be used with a combination of Bestop® soft doors or the factory steel doors. No doors included.

Bestop® Sailcloth Replacement Soft Tops

Sailcloth Replace-A-Tops™ from Bestop® exceed the OE quality for 1988-1995 model Wranglers. For appearance and durability, the premium sailcloth fabric maintains its shape in any temperature and is said to reduce noise by 50%. Heavy-duty zippers allow for easy window installation and removal. Industrial strength thread ensures durable soft top construction, and sealed seams mean water-tight protection. Heat-sealed vinyl windows meet U.S. and European regulations. Kits with door skins attach by velcro over factory original door frames for easy installation. NOTE: These tops will only fit Jeeps® with factory frames and factory hardware.

88-95 Jeep® Wrangler	Part No.	Color	Price

Sailcloth is an acrylic woven material made for high resistance to fading, and has a long life span that does not shrink or stretch.

Factory Style Frame Kit

This frame kit includes all the necessary components to completely replace or upgrade your factory original soft top hardware. We additionally include a Tonneau Tailgate bar providing an upgraded seal and Seat Tonneau Cover. Adjustable Side Spreader Bars have been upgraded to ensure a longer life than the original part. (Upper Door Frames not included).

Application	Part No.	Price
87-95 Wrangler	RPG 69999	\$270.00

Difference between Supertop® & Supertop® NX

The new Supertop® NX is significantly different from the traditional Supertop®. The traditional Supertop® featured a different than factory frame and canvas style. The new NX is all factory style and therefore has a number of advantages. One very important advantage is that spare parts are easy to find. Finding a new canvas kit will also not be a problem in the future. The factory style frame can be used with other factory replacement skins if desired. Or you can just upgrade to a sailcloth top from Bestop® once it is time to replace your worn Bestop® NX canvas.

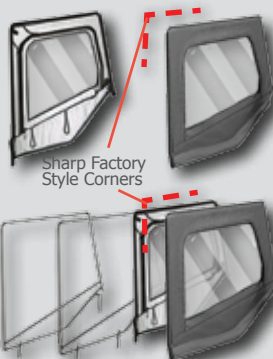

NOTE: The Supertop® NX can not be combined with factory full steel doors (the type with roll up windows). It is only available for 1/2 door Jeeps®. Upper Doors can be purchased separately if needed.

Bestop® Supertops® NX for 87-95 Wrangler

Bestop® introduces the Next Generation in soft tops for the 87-95 Wrangler with their Supertop NX. The NX complete replacement soft top kit includes Bestop's factory style hardware, factory weighted premium soft top material and removable tinted side and rear windows. Everything is included except for Upper Front Windows. Please check Upper Doors below. (NOTE: Your 87-95 Wrangler must have 1/2 steel doors).

Rampage Replica Tops for 87-95 Wrangler with Factory Steel 1/2 Doors

Finally! For the first time ever, we can provide a complete factory style soft top kit for 87-95 Wranglers. The kit features an exact replica of the frame and hardware that was used by Jeep® in the model years 87-95. This frame looks and works identical to the factory frame. Even better, a few important features have been added that fell short on the original frames. Our frame has heavy duty adjustable spreader bars for a tighter fit of the soft top canvas. In addition a tonneau cover is part of the kit to cover up the cargo space behind the rear seat when the top is folded down. The DOT approved windows are zip out windows in the back and zip-down windows in the front.

80-86 Jeep® CJ7 & CJ8	BES 52518-	01, 15	\$ 65.00

11 Bestop® Windjammer®

Windjammers™ are designed to divert a majority of wind, rain and dust from entering the cab and keep heat in the cockpit in cold weather. A convenient roll up "doggie door" allows access to items in the rear of the vehicle. Easily attaches to the center sport bar with straps and buckles and attaches to the floor using patented Belt-Rail™ system.

Application	Part No.	Colors	Price
80-86 Jeep® CJ	BES 80028-	01, 15	\$100.00

12 Bestop® Duster™ Deck Cover

Dusters protect the rear of your Jeep® from sun, rain and dust. Collars seal around rear sport bars preventing leakage into your cargo area. They attach to the vehicle utilizing Bestop's patented Belt-Rail™ system. The premium fabric maintains shape in any temperature. The material is mildew resistant and contains UV inhibitors. The Duster™ Deck Cover includes fabric assembly and hardware when applicable.
