

Performance Hoods

Welcome to one of the most important sections in our catalog: Performance Hoods to manage engine heat build up. Many of the problems Jeeps encounter on the trail are due to overheating. At slow speeds there simply isn't enough airflow through the engine compartment to

keep your engine and components cool. Even on the highway or in the city we noticed how hot especially JK engines get. Below is a selection of the nicest hoods we carry. All hoods are made of steel.

AEV Heat Reduction Hood

The AEV all steel Heat Reduction Hood provides both, attractive styling and additional cooling for the new Wrangler 3.6l and 3.8l engines that need all the cooling they can get. The AEV Heat Reduction Hood includes three mesh vent areas in Black. Hood comes black primed and needs to be test fitted prior to painting.

Application	Part No.	Price
07-17 Wrangler	AEV 40303001AJ	\$875.00
Dual Nozzle Kit	AEV 10305150AA	\$ 30.00

Rugged Ridge® Performance Vented Hood

The Rugged Ridge® all steel Performance Vented Hood for 07-17 Jeep® Wrangler JK provides up to over 50% more vented surface compared to other hoods in the market. Hood requires prep work prior to painting. Hood ships complete with Mesh Inserts and must be test fitted prior to painting.

Application	Part No.	Price
07-17 Wrangler (1)	OM 17759.01	\$850.00
07-17 Wrangler (2)	OM 17759.02	\$900.00
07-17 Wrangler (3)	OM 17759.09	\$ 60.00

(1) Rugged Ridge® Hood with Mesh Air Intake Inserts (as shown)

(2) Rugged Ridge® Hood with Vented Slot Air Intake Inserts (see Inserts next to Hood)

(3) Rugged Ridge® Hood Vented Slot Air Intake Inserts only

Billet Hood Hold Downs

Race inspired hood hold downs feature a billet aluminum turnbuckle & stainless steel heim joints. The push pin gives you easy access to opening your hood. These Hood Hold Downs are designed for factory fender flares. Sold as a pair.

Application	Part No.	Price
01 07-17 Wrangler	DR JP-190001-K	\$130.00
07-17 Wrangler *	DR JP-190001-LK	\$150.00

02 Black Turn Buckles, Pair	DR JP-190001/21	\$ 20.00

* This Version is lockable and comes with Keys.

RockKlaw Hood Hold Downs

Eliminates the "hood flapping" and will never stretch or deteriorate like the factory hold downs. Many aftermarket hood latches claim to be rugged but are clunky and unfinished in appearance. These feature the innovative RockKlaw™ height adjustable system which allows for precise and secure setting of the hood position. They also have a customizable "style window" for installation of optional aluminum inserts.

Application	Part No.	Price
03 07-17 Wrangler - Black	DR JP-190011-K	\$110.00
04 07-17 Wrangler	DR JP-190011-K1	\$ 20.00

Aluminum Hood Hold Downs

Original hood catches degrade and sometimes even fail. These Hold Downs will work with factory fenders. They will not fit 2013 10th Anniversary Rubicon and Rubicon X. Sold as a pair.

Application	Part No.	Price
07-17 Wrangler - Black	OM 11210.11	\$110.00
07-17 Wrangler - Black Textured	OM 11210.17	\$110.00

97-06 Wrangler - Black Textured	OM 11210.18	\$110.00

MOPAR® Rubicon X Vented Hood

Featured on the 10th Anniversary Rubicon and Jeep® Wrangler Rubicon X. With styling elements from the SRT Viper, this custom hood design features functional vents for added cooling and drainage to help keep water from pooling on your engine. Hit the Rubicon Trail in your Wrangler JK looking cool while running cool. Factory fit for easy installation. Requires prep work for paint.

Application	Part No.	Price
07-17 Wrangler	MP 82213656	\$950.00

Poison Spyder Hood Louver

Many of the problems Jeeps encounter on the trail are due to overheating. At slow speeds there simply isn't enough airflow through the engine compartment to keep things cool. Poison Spyder's Hood Louvers solve that problem by promoting proper airflow through and out of the engine compartment, while adding great looks to your Jeep®. The Louvers are black powder coated.

Application	Part No.	Price
07-14 Wrangler	PSC 17-53-011-PC	\$170.00
03-06 Wrangler	PSC 14-53-010-PC	\$170.00

87-95 Wrangler	PSC 13-53-010-PC	\$190.00

Locking Hood Catch Set

These Hood Lock Latches are made from die-cast e-coated 304 stainless steel with a black powder coat finish for durability. These Hood Hold Downs are designed for factory fender flares. Sold as a pair.

Application	Part No.	Price
07-17 Wrangler	RPG 76336	\$ 90.00

Hood Locks

Special design virtually disappears into the grill. Cam lock design keeps people out of the hood area of your Jeep® or Wrangler. An up-graded internal lock cover keeps ice and debris from fowling the lock mechanism. No drilling required.

Hood Lock Kits	Part No.	Price
07-17 Wrangler	BOL 7026128	\$ 60.00

Hood Lift Kit

Eliminate the factory prop rod with a pair of gas charged hood lifts. This kit includes all the brackets and gas shocks needed to clean up the under hood appearance of your rig. This kit is also functional as the hood prop rod will no longer be in the way while working underneath the hood of your Jeep®. Easy installation with some minor drilling.

Application	Part No.	Price
07-17 Wrangler	MP 82212798	\$130.00
07-17 Wrangler	OM 11252.51	\$ 90.00
76-06 Jeep® CJ & Wrangler	OM 11252.50	\$ 90.00

Jeep® Grille Treatments

The Jeep® accessory industry tortures you with an abundance of grille treatments. Choose from overlays, pop-in styles or billet grille inserts that require minor installation.

Wild Boar Front Grilles

This mean looking grille replacement installs easily and has an amazing visual effect. More important though is the fact that it also increases the air intake volume to your engine compartment while improving aerodynamics. Available in a black textured finish, ready for installation or in a primed finish, so you can get it painted in the color of your choice. Material is ABS Plastic.

Application	Part No.	Price
Black Textured	WB 0110220	\$350.00
Paintable	WB 0110221	\$300.00

Spartan Grille

The Rugged Ridge® Spartan Grille features an aggressive off-road design with a factory-like fit. Comes in matte black finish. The new injection-molded grille is easily paintable. The grille also features a larger opening that provides the engine compartment with better air flow and cooling which is especially important during low-speed off-road crawling when engine temperatures can rise. Works with most LED Headlamps, some modification may be required.

Application	Part No.	Price
07-17 Wrangler	OM 12034.01	\$275.00

Chrome Grille Overlays

Chrome-plated Plastic Grilles fit easily & neatly in place of your existing painted grille. Adds a custom look to your JK Wrangler in just minutes. Manufactured by Chrysler to the highest standards of corrosion & resistance and quality appearance. Don't settle for anything less!

Application	Part No.	Price

Mirror Relocation Brackets

Our Die-Tech Off-road mirror brackets are a first-of-their-kind evolution in aftermarket mirror brackets for the Jeep® Wrangler JK. Mirror bracket solutions are necessary for Jeep® Wrangler owners who want to operate their vehicles with no doors and remain legal. Our solution goes beyond this requirement and solves problems those typical solutions have, including poor visibility, inefficient mirrors and vibration. The brackets use a hinge-mount design that uses the top door hinge for mounting. However, it goes further than similar solutions by providing a bracing arm that fastens to a door hinge bolt. This design eliminates the vibration caused by wind and the amplification of road vibration that other simple hinge-mount designs can not offer. They are e-coated and powder-coated textured black. Each set includes the driver and passenger side mirror brackets. Made in the USA. Patent pending. Disclaimer: This product is intended for off-road use. And is not intended to be used as a safety device. Check local and state laws before using this product.
