

# Events

Life is short and sometimes hectic. Often we don't get the chance to spend as much time with customers or friends as we would like to. More time for enjoyment is found at local and national Jeep® events, where we meet friends and customers for shop talk, fun and excitement on the trail. Here are some places you will always find some of our guys after hours.

## Mid Florida Jeep® Club Jeep Beach

Last year's Jeep® Beach® organized by The Mid Florida Jeep® Club enjoyed its 13th annual event. It is the largest Jeep® only event in the Southeast USA! Held in beautiful Daytona Beach. It's 5 days of family fun for every level of Jeep® Enthusiast. There were more than 2000 Jeeps®, and over 120 vendors including FORTEC® and over \$40K worth of raffle prizes! The obstacle courses were laid out for all skill levels and the whole event guaranteed lots of fun.

FORTEC® Technician and Fabricator Jon with his wife Robin.

## PICKENS SHERIFF'S JEEPFEST

Over 1000 Jeeps, 10,000 spectators, obstacles, tours, trails, helicopters, vendors, food, music and more, that's the Sheriff's Annual Jeep® Fest. This fund-raiser for the Georgia Youth Homes is a well organized event in a family-friendly environment. The event is in September, an hour Northwest of Atlanta at the gateway of the Appalachian Mountains.

You will see major names and manufactures in the off-road industry at this event. In the evenings you can hang out at the bonfire, socialize with other Jeepers, kick tires and listen to some great music! Don't miss this event in the North Georgia Mountains, organized for a great cause.

If you work in the industry changes you run into some of us at the yearly SEMA convention in Las Vegas.

Miami Auto Show 2015. Matt's FORTEC® F1 4-Door JK on 20" wheels is modeling at our trade booth.

This year in April we participated in our first TrailFest at AOP in Tennessee, and we had a blast! Everyone showed strong support for the environment, off-road community, and Jeep® aftermarket Vendors. We ran and won the hill climb challenge, went out on group rides, ate great food and made new friends. Thanks so much to everyone at Adventure Off-Road Park and The Southern Four Wheel Drive Assoc. See you next year!.... with a non-destroyed F3

Jeep® TrailFest in Tennessee.

2016 was the 50th annual of the Easter Jeep Safari and the 75th Anniversary of Jeep. Needless to say it was a big deal and there was an incredible turn out in Moab, UT. Day long trail rides, cook-outs, vendors and great friends. Going to Moab has been one of our favorite events in the Jeep industry for many years and this year raised the bar even higher. Our F3 Jeep JK rose to every challenge and curried the respect of off road legends and spectators from around the country. The organizers of EJS are fantastic people and we looking forward to join them again next year!
