New York 2013: Andreas with Captain Watson at a fund raiser.

Andreas' home office. Support & dedication for a good cause.

Between work - supporting this organization - makes your coffee taste just a bit better.

Creating awareness for a good cause.

Who We Support!

FORTEC® has been supporting Captain Watson and his organization for over 6 years. Contrary to Public opinion, true Jeep® Enthusiast take care of the trails they use, pick up litter they find and act responsibly. When we visit a place with our Jeeps® we like to leave it better than we found it. No matter if we picked up some trash or helped someone in need. One can be helpful as a Jeoper - not just on the trail. Andreas and his son Alex helped stranded motorists in and around Atlanta that got stuck in the ice storm in 2014. Unfortunately, Jeeps® are not very useful in the ocean, but at least we can help organizations such as Sea Shepherd financially. The organization is dedicated to preserve our oceans, for our and our children's sake. Extinction is forever!
