

STEEL BLACK

The STEEL range goes one step further and transcends the Home use. It is a semi-professional coffee machine for home, offices, and even the Hospitality channel.

It was designed in its UNO and DUO versions, and it is offered in a robust industrial bodywork that meets the requirements of the expert user. It is manufactured with the highest quality materials and a minimum use of plastic. The standard version is equipped with a Ø 58mm filter holder and an electronic temperature control.

Thermodynamic group with PID control. **Thermal stability.** Quality in a cup. Less lime scale build-up. Stainless steel circuit reduces lime scale build-up. Unlimited steam.

Healthy 100%. AISI 316 stainless steel water circuit. No metal migration in water. Complies with European standard EN 16889.

Clean water. Water is constantly renewed and clean for every coffee. The taste and smell of the coffee are unaffected.
