MT

Counter top dispenser for making and dispensing granitas and other iced drinks featuring an exclusive patented magnetic transmission system. Reliable, compact and easy to use, it offers 100% product visibility and encourages customer to buy.

Shockproof food-grade polycarbonate bowl with 10 litre capacity. Product thickness can be adjusted. Also available in elegant black and white versions.

Magnetic Drive System

- The auger motor turns magnetically eliminating the need for front or rear seals.
- Auger fits securely over the outside of the magnetic drive system, turning via a series of magnets.
- The granita product is encapsulated inside the bowl.
- Eliminates damage to the auger motor if product freeze-up occurs.
- This system lowers maintenance costs and decreases auger motor burnout.
