## NG 10/2 UL Electronic 115V 60hz (R404a)

A new entry in Ugolini New Generation's products: very simple to use, assuring at the same time the best reliability with a smart and unique design.

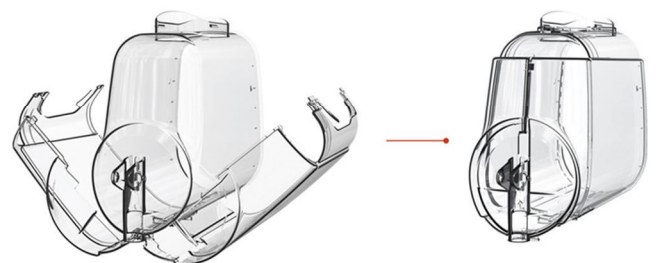

This series combines the advantages of the secure and efficient "traditional" technology of the MT line with the aesthetic and functional innovations of the NG line.

Extremely compact, it allows the preparation of slushies, sherbets, cold creams and cocktails to satisfy all customers all year long.

It's available in two configurations, with bowls of 10 or 6 litre capacity, both compatible with the innovative "Recover Energy" to improve energy saving. Variable speeds, brushless motor for better performance and lower consumption, easy to empty with inclined tank, fully efficient condensation water collection system.

## RECOVERENERGY

- 1) Less power consumption
- 2) Less condensation on the bowl surface
- 3) RECOVER: Easy to install and remove
- 4) Full product visibility
- 5) Patented system

<b>Technical Characteristics</b>	NG 10/2
Transparent removable bowls	2
Single Container Capacity	10
Width	16"
Depth	20"
Height	28"
Gross Weight	106 lbs.
Absorption	740
<b>Other Technical Features</b>	
~ Patented tank locking system for easier and safer attachment	
~ Unbreakable non-toxic polycarbonate tank	
~ Hermetic compressor	
~ 115V / 60Hz	

\*NOTE: NG 6/1, 6/2, 6/3, NG 10/1 and NG10/3 are Special ordered item
