Notes:

One dollar for each pound sold is donated to the Wounded Warrior Project. The suggested retail price (SRP) is \$15.95 per pound, and you should not hesitate to charge at least this amount, if not more. Order can be mixed blends. Beans are packaged in heat-sealed airtight foil bags with one-way valves. The default grind, if chosen, is auto/drip.

Blends. All blends use the best quality, high-grown arabica specialty-grade beans, roasted frequently in small batches to assure optimum freshness.
