Brew coffee for your own unit or sell it to raise funds for any worthy cause such as the local food pantry or scout troop. Either way \$1 for every pound you buy supports wounded and disabled veterans through various reputable support organizations. You buy the coffee at wholesale prices so you can sell it at retail to raise funds for the cause of your choice. Two worthy causes for each pound sold.

And we're talking seriously good coffee!

Only the finest specialty-grade, high-grown arabica beans are roasted daily in small batches to keep the beans as fresh as possible. We have made a real commitment to offering the best, most flavorful coffee you can buy anywhere.

The coffee is roasted daily on two U.S. made, state-of-the-art Diedrich roasters. Roastmaster and Vietnam veteran Bob Mastin leads a roasting crew with over 25 years combined experience.
