little whitehouse

Thank you for purchasing your new furniture from us. We know you are very excited to start using it. We would first however, like to draw your attention to some safety aspects of using any of our furniture items.

General Care & Safety for furniture.,

Safety:

- Please note that this product ships flat-pack and requires self-assembly by at least 2 persons.
- Please ensure that all fittings are in place and kept tightened at all times as loose fittings may result in injury or damage to the furniture.
- This product is not intended for use in any other way than indicated on the assembly instructions. Incorrect use, playing, climbing or jumping on this furniture may result in damage to the components or injury to the child.
- Please be aware of small parts which small children could swallow prior to assembly or plastic bags and other packaging that could suffocate or hurt small children. Discard all plastic & other packaging after assembly.
- Do not attempt to move the furniture in an assembled state as structural damage may occur.
- Be sure to keep all fittings when moving as the same fittings may not be attainable at a later stage.
- Mount high furniture to the wall to avoid tipping over.
- Only open one drawer at a time on furniture that has more than one drawer to avoid tipping over.
- Place heavier items at the bottom of furniture to avoid tipping.
- Make sure that there are no slam hazards on drawers or doors which could result in fingers being trapped.

Please do not hesitate to contact us should you have any questions.

WHAT TO LOOK FOR WHEN CHOOSING A FURNITURE:

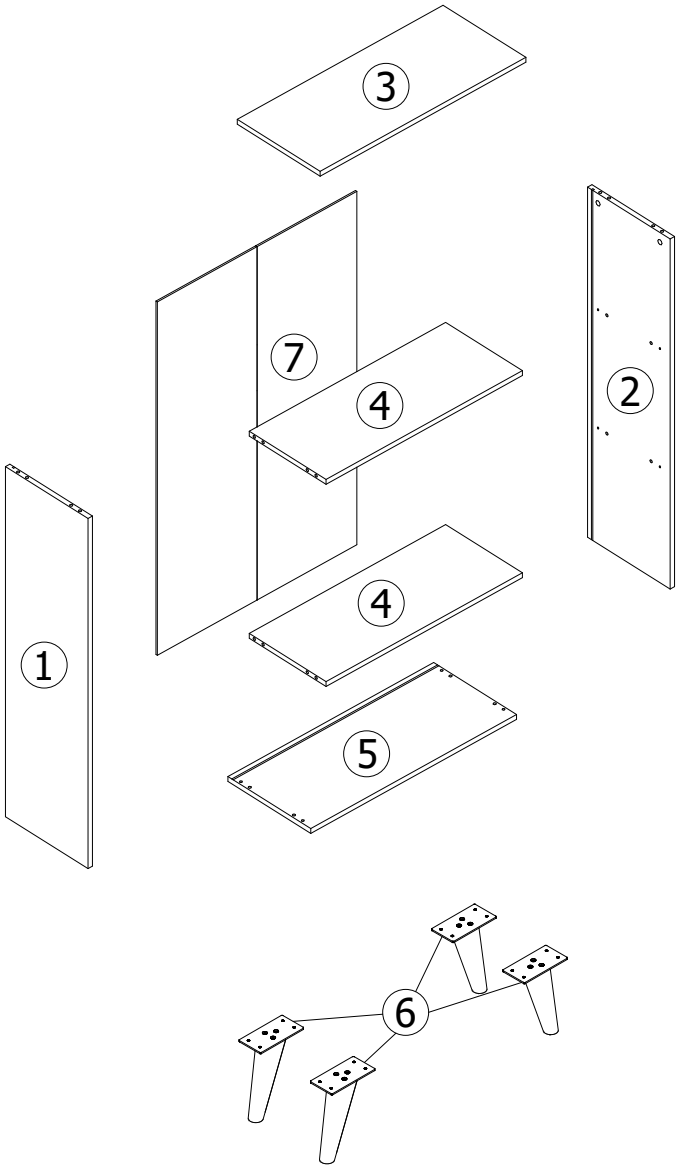

When you are choosing furniture for your home, make sure it is sturdy and safe.

- Purchase items that meet the latest safety standard.
- Check that the item comes with instructions for assembly and use, and is undamaged (for example, make sure there are no cracks in welds on a metal bed)
- If replacement parts are needed, only use those from the original manufacturer. Never substitute parts from a different item.
- If you purchased a bed, make sure you select the correct size mattress for the model of bed you selected.
- Check that the mattress fits snugly against all four sides of the bed. It should also be at least 127mm below the top guardrails and end panels.

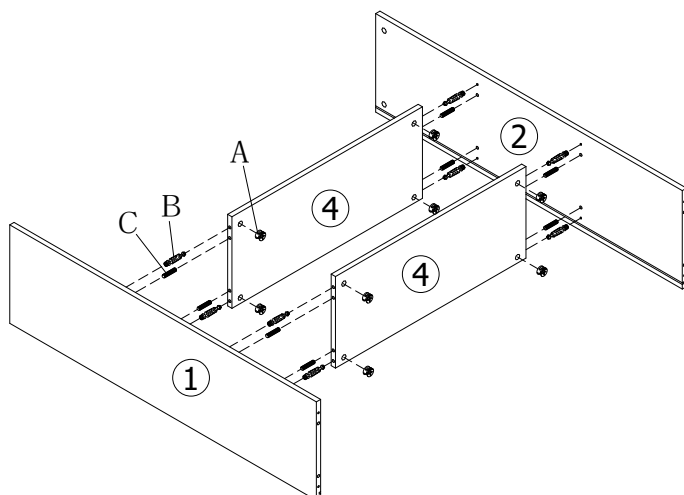

Please do not hesitate to contact us should you have any questions.
