

HAS YOUR LEARNING TOWER BEEN STABILITY & TIP OVER TESTED FOR YOUR CHILD'S SAFETY?

KITCHEN HELPER / LEARNING TOWER SAFETY TESTING CHECKLIST

IS THE LEARNING TOWER COMPLIANT WITH THE BELOW SPECIFIC TESTS FROM THE NZ/AUSTRALIAN STANDARDS: AS/NZS 8124:1 2016 & AS/NZS 2172 2013:

Stability Test (section 9.8)

TO ASSESS IF IT'S STABLE FOR TODDLERS, has the Kitchen Helper had a weight attached to the top edge and a newton force applied in a horizontal outward direction at an accredited lab? **The Arc Assistant has been engineered with 4 large outrigger balance feet, it has been tested and is Stability Test compliant**

(Testing from AS/NZS 2172 / 2013)

Tip Over Test 5.24.3 & Reasonably Foreseeable Abuse Tests 5.24

Has the Learning Tower been put through Tip Over & Reasonably Foreseeable Abuse testing? **The Arc Assistant has and is compliant, it has been both designed in NZ and is also 100% NZ MADE.**

(Testing from AS/NZS 8124 / Pt.1 / 2013)

Overload Test 5.12.5

Has the Learning Tower been tested with 80kg of weight on it and withheld this? **The Arc Assistant has and is compliant; it showed NO evidence of material distortion, fatigue or collapse in the accredited testing. The Arc Assistant is very high quality.**

(Testing from AS/NZS 8124 / Pt.1 / 2013)

Tension Test 5.24.6

Will the learning tower come apart? Has the Learning Tower been put through Tension Testing to simulate two or more children pulling in opposing directions? **The Arc Assistant has and is compliant.**

(Testing from AS/NZS 8124 / Pt.1 / 2013)

Projection Test 4.8

Has the Learning Tower been put through Projection testing? **With its engineered interlocking parts and radius edges, The Arc Assistant has been put through this testing and is compliant.**

(Testing from AS/NZS 8124 / Pt.1 / 2013)

Material Quality Test 4.3.1 & Wooden Toys Tests 4.7

Has the Learning Tower's construction material been put through the above Material Quality Test & Wooden Toys testing? **The Arc Assistant has and is compliant.**

(Testing from AS/NZS 8124 / Pt.1 / 2013)

The Arc Assistant Original Learning Tower / Kitchen Helper:

Has been tested at an IANZ accredited laboratory in New Zealand and is compliant with ALL of the above safety tests
