professional products

clean+easy began with its innovative roll-on waxing system, offering spas and salons a fast, mess-free method of waxing. The ease of use, quick application and effortless clean-up are key features that make this system a success.

Expanding on the success of the roll-on system, clean+easy has grown to include a full line of pot waxing services, pre and post wax treatments, paraffin wax systems and a wide variety of home care products including microwaveable waxes, depilatories, electrolysis and cream bleaches. clean+easy has a product dedicated to everyone's hair removal needs.
