COFFEE as a BEAUTY RITUAL

CALMING

Coffee is high in antioxidants, which may have the opposite effect when applied to the skin than the stimulating effect when it's consumed.

ANTI-AGING

Coffee may help decrease the appearance of sun spots, redness, fine lines and the effects of photoaging.

SMOOTH APPEARANCE

The caffeine content in coffee may aid in the dilation of blood vessels beneath the skin improving bloodflow and providing an even appearance.

SKIN HEALTH

Coffee is a rich source of vitamin B3 (niacin) which breaks down from the compound trigonelline when the beans are roasted.

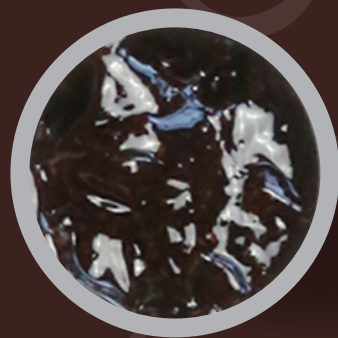

ANTI-INFLAMMATORY

Coffee contains chlorogenic acid (CGA) and melanoidins which may be linked to reducing skin inflammation and hyperpigmentation.

ANTI-BACTERIAL

Chlorogenic acid in coffee has anti-bacterial properties which when combined with the natural exfoliation of coffee grounds can help fight acne.

HIGHS[☘]

HIGHS began in 2013 in Canada, as a luxury hand and foot care brand inspired by the awakening properties a cup of coffee has on the body and mind.

The capsule concept of coffee pods works wonderfully as an individualized treatment for spas and nail salons offering "Coffee Skin Care, One Customer, One Use." With a variety of scents and skin beneficial ingredients, each product can offer custom, targeted beauty care.

Experience the invigorating qualities of all HIGH'S Coffee Body Care products. And discover what makes HIGH'S the preferred brand of professional beauty and nail salons around the world.

COFFEE TREATMENT

ESPRESSO COFFEE MANI & PEDI TREATMENT

Designed to calm and restore by strengthening your skin's moisture barrier leaving your skin refreshed and rejuvenated. Our gentle Arabica coffee seed powder provides a unique scrub texture that gently sweeps away impurities and purifies the skin for long-lasting hydration.
